Sir,

In answer to your letter of the 20th inst. in reference to certain islands in the Strait water the purchase of which you report has been applied for I have to request that as suggested by you in your letter of the 19th inst. and as you best you will be good enough to go and examine the islands in question so soon as you can conveniently do so and report fully to the Dept. as to their value, approximate area, their relative position to the main land etc, etc. You will also be good enough to inform each
