## MILBURN'S Heart and Nerve Pills.

Are a specific for all heart and nerve troubles. Here are some of the symptoms. Any one of them should be a warning for you to attend to it immediately. Don't delay. Serious breakdown of the system may follow, if you do: Nervousness, Sleeplessness, Dizziness, Palpitation of the Heart, Shortness of Breath, Rush of Blood to the Head, Smothering and Sinking Spells, Faint and Weak Spells, Spasms or Pain through the Heart, Cold, Clammy Hands and Feet. There may be many minor symptoms of heart and nerve trouble, but these are the chief ones.

Milburn's Heart and Nerve Pills will dispel all these symptoms from the system.

Price 50 cents per box, or 8 for \$1.25.

**WEAK SPELLS CURED.**  
Mrs. L. Dorey, Hemford, N.S., writes us as follows: "I was troubled with dizziness, weak spells and fluttering of the heart. I procured a box of Milburn's Heart and Nerve Pills, and they did me so much good that I got two more boxes, and after finishing them I was completely cured. I must say that I cannot recommend them too high."

**Open Your Eyes.**

The habit of going through the world with the eyes shut is an inveterate one, common in all times. In old times the prophets and the great Teacher himself reproached their disciples with this failing. "Eyes have ye, and see not," said they. True, it was a failure to perceive spiritual truth in their case. All our faculties, bodily, mental, spiritual, are given to us for use, and we are held to be responsible for neglect of them, as was that servant in the parable who went and hid in the earth that talent that his lord had entrusted to him. Sufficiency is not laid upon the use and abuse of our bodily faculties or the neglect of them. Do but consider how much pleasure we derive ourselves from when we shut up this chief of Five Gateways of Knowledge. How beautiful is the world in the cool, clear, luminous air of early dawn, and yet how many think you have ever stopped to take in that beauty, if they by chance have been abroad at that hour—Exchange.

## COUGHERS, HAWKERS, SPITTERS.

Public expectation is against the common law, against the laws of health also. When the throat ticks, that's the time you need "Catharhose"; it soothes away the irritation, cuts off the phlegm and loosens the tight feeling. You'll quickly cure the cough and throat trouble with Catharhose. It positively prevents new attacks and cures catarrh forever and for all time to come. Don't take your word for it; try Catharhose yourself. Once used you'll be delighted with its pleasant and helpful influence.

## She Gave Him Cakes.

Lady—Aren't you the man to whom I gave a piece of cake recently? Trump—Yes, ma'am. Lady—Have you been working since? Trump—No, ma'am; I've been in the hospital ever since—Sydney Town and Country Journal.

## As It Is in England.

Citizens of Manchester, England, are complaining bitterly of the coming of the papers because the conductors on the tram cars "squeeze" twenty persons into seats constructed for eighteen, and, worse still, "allow some people to stand up."

## CHILLS PROVE FATAL.

It warms and circulation are not promptly restored, chills result in fatal pneumonia. This necessitates keeping Nerville on hand. Taken in hot water it breaks up a chill in two minutes. By rubbing freely over throat and chest it prevents colds. No liniment so strong, so penetrating, so swift to kill pain and inflammation. Nearly fifty years' record has proved the value of Nerville. You should get a bottle to-day.

## AN ODD STORY.

A remarkable case in which Daniel O'Connell appeared was one in which a man was charged with murder. The evidence went all against the prisoner. When the time came for the defense to be made it was announced, "The murdered man will now be called." The supposed victim went into the box and satisfied the court as to his identity and existence in flesh. The judge directed the jury to return a formal verdict of not guilty, but the good men and true insisted on retiring and did so. Presently returning, they found the prisoner guilty. "Heaven's gentleman," said the judge, "of what is he guilty? Not murder, surely?" "No, my lord," replied the foreman, "but if he did not murder the man he stole my old mare three weeks ago."

## WOMAN'S WORLD

## MRS. SARAH D. WINANS.

One of the Earnest Workers of the Woman's Relief Corps.

Mrs. Sarah D. Winans of Toledo, ex-president of the National Woman's Relief Corps, is the daughter of the Rev. John Durst, a German Baptist minister, who was among the earlier settlers of Miami county, O. The wife of a gallant soldier, Colonel J. Cory Winans, who was wounded in the defense of the flag, her interest in the W. R. C. has been sincere and loyal.

When the nation's great fratricidal combat broke out Mrs. Winans was among the first to organize an aid society under the Christian sanitary commission.

## The Walking Skirt.

When all is said and done, America is the home of the walking skirt. In London the short skirt is relegated to sports and business. For all social occasions trailing skirts are still the rule. In Hyde park on a Sunday, in the famous church parade one sees only long, trailing gowns, held up in defiance of that law of good dressing which demands for every garment the right to hang in its natural folds. Frenchwomen leave short skirts to shopgirls and all kinds of "hands." Berlin leaders of society are only just awakening to the dangers inherent in the long skirt, but they all wear trains just the same. Abroad the American girl can be picked up wherever she goes by her trim, well cut, smart short skirt.

MRS. SARAH D. WINANS.

mission. They sent no end of needful things to the field hospitals, and they also secured liberal donations to the great sanitary fair at Cincinnati.

It is said that since the organization of the Woman's Relief Corps Mrs. Winans has never missed a department or national convention.

Mrs. Winans is thus described: "A woman in the prime of life, who served her way up through the various offices of succession, from subordinate corps to the head of the department, and on committees of state and national importance, she is thoroughly versed in every phase of relief corps work. She is thorough, systematic, thoughtful and kind, and among all the good women who have conducted department affairs none has administered them more wisely or well or wielded the gavel with a better grace. Modest, retiring and slow to speak, she is always ready for duty and equal to the occasion, whatever it may be."—Boston Traveler.

## Taking the Initiative.

Are the new century women beginning to take the initiative in their intercourse with the opposite sex? Do they not ask men to do this and that instead of waiting until the men ask them, as was customary in the days of their mothers and grandmothers?

"If we did we should have a long time to wait," laughed a pretty maiden whose invitation on the telephone to come to her had been overheard by her grandmother and had provoked the foregoing remarks. "Why, men would never come near you unless you made appointments with them," she continued, defending her position. "I'm sure I would much rather have Ned Smith call me up on the telephone and ask if he might be allowed to come up and take a cup of tea with me this afternoon, than he would not."

He would not. But if I ask him he likes to come. I know that. When he comes I shall inquire if he is going up the river to Carrie M.'s wedding on Saturday. Perhaps then he will ask me to go up in his automobile, but if he does not I shall say I think it is just lovely going up by auto, and then probably he will think of it.

## Handkerchief Ties.

A handkerchief bordered silk handkerchief makes an attractive necktie. From one corner cut diagonally toward the middle just half the neck measure. Hem the sides just cut. Tie around the neck, making a knot at the back. It is also knotted loosely in front where the slit ends. The rest hangs in jabot style down the front.

## For the Complexion.

A soft clear complexion can be obtained if the following hint is perceived with: Mix some flowers of sulphur with a little new milk, let this stand overnight without disturbing the sulphur, and in the morning, before washing the face, rub the milk gently into the skin with the finger tips.

## Sickroom Hints.

Few people except trained nurses know that a restful patient is made much more comfortable if the corners of the undersheet are carefully pinned to the underside of the mattress with safety pins. Draw the sheet tight and pin it securely. It will be a relief to you and the suffering patient.

## For a good camphor mouth wash

Take a pint of hot water and dissolve in it two drams of powdered borax. When the water cools add one dram each of spirits of camphor and tincture of myrrh.

"any old thing" and be admired, but the woman who is passable must be carefully dressed and "groomed," as the saying is, and the good looking woman must be equally careful of her looks lest she lose them.

Brains are a factor, but the clever woman must give some time to her appearance lest she fail to inspire the respect of those with whom she comes in contact by the care her appearance shows. It is within every woman's power nowadays to foster what good looks nature has given her and to aid nature where she has been chary. Science has made it possible to develop good figures from very poor material and by the amount of care given to the health of the body to develop good looks where but a small share exists. This can be done by fresh air, careful diet and bathing.—Boston Traveler.

## Rest For the Mother.

You cannot serve your family better than by resting yourself. An overworked mother cannot make sunshine in the home. Try to take even half an hour of complete rest some time during the afternoon, says Woman's Life. It will often be hard to get away, but make a bit of it, and you will accomplish it. If you were all the children, would have to get on without you. Let them do it while you are keeping well for their sakes. Think over the things that can be best undone and leave some of them while you sleep. Rest is much cheaper and more agreeable than a doctor's bill, and if you do not have one you will surely have the other.

## Homemade Extracts.

Homemade extracts are easily made and are much stronger, better and cheaper than those we buy. Lemon or orange extract may be made by slicing the fresh lemon or orange peeling very thin and putting it into alcohol. Allow it to stand for a few weeks and strain the contents. If you have no use for alcohol even in flavoring, grate off the outside yellow rind of the lemon or orange and mix with the same amount of white, soft sugar, rub this dry away from the fire, and put into a light receptacle.—National Magazine.

## Knowledge of Cooking.

The cook in the kitchen who can make better bread is to that extent better educated than her mistress, who may be a literary society. This fact is to be borne well in mind by the young woman in college. The fact that the woman in the parlor has the money wherewith to buy assistance does not change the fact that she does not stand on an equality with the cook.—Rev. W. A. Bartlett.

## Paint Stains.

However old and dry paint may be, it can be removed from carpets or draperies by a liberal use of chloroform. Saturate the spot, keep it closely covered for half an hour, then brush out. The liquid destroys the oil in the paint, leaving only a powder that usually comes out, leaving no stain unless on very delicate fabrics. In obstinate cases the application may need to be repeated several times.

## GRIP'S GREATEST FOE

## A Scientific Method of Mastering the Grip

MAKE A MEMO.  
Make a memo of the fact that there is only one safe and certain way to deal with Mr. Grip.

Why, Grip is Catarrh, nothing else.

Do it with Stuart's Catarrh Tablets. You say: "What has Catarrh to do with Grip?"

Why, Grip is Catarrh, nothing else. Catarrh attacks in numberless different forms.

One of its worst forms is Grip. Grip's greatest foe is Stuart's Catarrh Tablets, because Stuart's Catarrh Tablets can be relied upon to do Grip the greatest damage of any remedy or medicine you can take.

They are much superior to quinine or any of the old unscientific methods of dealing with the disease, because quinine is quackery, and Stuart's Catarrh Tablets are a pure and simple scientific combination of germicidal and tonic ingredients, which have a positive specific effect on every form of Catarrh inflammation in the body—including Grip.

Grip is a fearful disease. Not so much in its own articular symptoms, though these are bad enough, but because of the fact that the after-effects are so lingering and dangerous.

Grip pulls you down, so you feel weak and miserable for months. The only tonic that will build you up is Stuart's Catarrh Tablets.

Grip weakens the heart, kidneys and lungs. Thousands of deaths from Heart Disease, Bright's Disease, Pneumonia, Consumption, are directly due to the weakening results of the Grip.

The only medicine that will prevent the Grip from developing into these direful diseases is Stuart's Catarrh Tablets.

Better take them. Stuart's Catarrh Tablets succeed in curing and in preventing the danger of these direful diseases of the Grip, for a great and sufficient reason: They are not a general tonic remedy.

They are a curative, not a palliative. Beware of the deadly grip of the Grip.

Fight it off with Stuart's Catarrh Tablets.

## Hit by a Train.

Cumberland, Md., March 1.—A Baltimore and Ohio train last night struck four Washburn employees near Brivick Creek, killing three and slightly injuring the fourth.

## Hauls Down the Flag.

Victoria, B. C., March 1.—Esquimalt Naval Station has formally abandoned yesterday when Commodore Goodrich hauled down his flag.

## Student Strike Ends.

Berlin, March 1.—The student strike at the Hanover Technical Institute has ended.

## THE SOURCE OF NEURALGIA.

It runs hand in hand with poor blood and weak nerves. Health runs down, nerves get irritable, neuralgia follows. For the moment applications may relieve—but to thoroughly cure, the system must be strengthened with nutritious blood. What can equal Ferrerozine? It increases the appetite, forms abundant, rich, life-giving blood, supplies nutriment and building material for worn-out nerves. Ferrerozine completely cures neuralgia. Every root and branch of the disease it kills. Absolute success in every case. Stop suffering—fifty cents buys Ferrerozine. Fifty chocolate coated tablets in a box at any drug store.

## Age Ran in the Family.

"She belongs to one of the oldest families in these parts."

"Poor girl, she looks it."

## Not That Kind.

Perhaps there are dreams that come true. But isn't the thing rather funny?

And strange that not one of them do in which you are rolling in money?

## An Easy One Also.

"He is simply rolling in wealth."

"He finds it a rather pleasant role, I presume."

## WHAT CAUSES APPENDICITIS.

The commonest cause of appendicitis is constipation. When you require physic don't use cheap drastic pills—get Dr. Hamilton's Pills which strengthen the stomach, regulate the bowels and prevent any tendency to appendicitis. In one day you'll feel the tremendous benefit of Dr. Hamilton's Pills. By purifying the blood and cleansing the system they prevent headaches, lift depression and drive away weariness. No medicine so successful as Dr. Hamilton's Pills, sold everywhere in 25c. boxes with yellow cover; get the genuine.
