THE WORLD'S RECORD

IS HELD BY

THE U. S. SEPARATOR

In the Pan-American Model Dairy the United States Separator's average skim-milk test for 30 consecutive runs was .0138

Our "would-be competitors" have tried, and are trying, by every means their fertile brains and imaginations can concoct to break the force of their defeat; and take away the honors justly due the U. S. For a true history of separator awards and tests, write the **Vermont Farm Machine Co., Bellows Falls, Vt.**

However, after all has been said, the indisputable fact remains that the above record is true, and not only that, but that it has not been approached by any other separator. This, together with its many other points of superiority, fully described in our catalogue.—write for one—places the U. S. far ahead of all others, and makes
