Mr. Farewell appealed to every Leaguer to win some one to Jesus. Are we willing to become missionaries?—From report by Cassie Black, Sec.

Lambeth, Ont.

South from London, six miles over the traction line, the road runs through the traction line, the road runs through the village of Lumbeth, one of the prettiest villages in Ontario. No: It is neither "slow" nor "dead." True, there are no five-cent moving picture galleries, or dancing academies, but we have an Eparath I want that knows the value people. worth League that keeps the young people wide awake without such.

Ours is a live Epworth League. "Why? Because we have an intelligent executive with a consecrated, devoted and thorough-going president at its head. Our meetings never drag. Once a week regu-larly the Epworth League opens its doors to the young people of the village, the majority of whom are members and regu-lar attendants. "Yes?" On consecration evenings we have just as many present as on any other night in the month.

We study the topics as arranged by the General Board and outlined in the CANA-DIAN EPWORTH ERA. The more we examine these topics the more clearly we amine close topics the more clearly we see the necessity of following a definite line of study. In this way an interest is maintained throughout, from service to service. We are sure those who have tried these topics have found them as beneficial as we have, and advise those who have not yet taken them up to do so.

Another feature of our Epworth League is the way the business part of the League is managed. We have committees to meet the different phases of the work, and the chairmen keep them busy. Our executive holds regular meetings. Only

in this way can we be successful.

We find it to the best advantage to use our own members to fill the programmes of the weekly services. Only occasionally are we helped by members of other Leagues coming in and giving us aid. A few weeks ago the London District League Executive visited us and rendered an excellent programme. Mr. MacArthur, of London, President of the Executive, gave an inspiring and rousing address on what the Epworth League meant to the community, and we went away desir-ing to make our League more influential

Though our League is on the "up" grade, we are not satisfied to remain where we are. We want to go forward

earnestly and prayerfully, to be wholesouled, faithful workers, bringing others to a fuller knowledge of our Lord Jesus Christ

May the purpose of every League be to " Look up! Lift up!"

A personal note to the Editor, from Clarence E. McKee, St Superintendent, contains the encouraging paragraph

"Probably you remember that you visited the Junior League of George St. Church about the middle of September last. At that time you threw out a chal-lenge to the League to have forty mem-bers present on the following Sunday. I am glad to say that we had a little more than the required number present. Since that time we have increased our mem-bership to over 80, while we have been having between 58 and 60 out regularly. There is every prospect of a much larger increase in the near future. You will thus see that we have been enrolling quite a large number."
