

MARKET REVIEW AND FORECAST

Toronto, Monday, March 6th.—We never expect either the wholesale or retail business to be rushing at this time of the year and this year is no exception to the rule. With bad roads in most of the country sections, there is not a great deal of business doing, and few ventures are coming in. Wholesalers all agree that business is not as brisk as it was a couple of weeks ago worries no one.

In spite of the fact that boards of trade and business men have come out and condemned reciprocity, none of them have been able to advance strong arguments in support of their position on economic grounds. Business is still going on as merrily as ever in spite of their predictions. To the farmer the advantages of the proposed agreement are unquestioned under reciprocity are already evidenced by the stiffening in prices of peas, rye and barley. Of course, people generally are too sensible to take any stock in the announcement "bug-a-boo" raised because the couple of families in the United States happen to hold up this scarecrow for our consumption.

WHEAT

The price of wheat has been swimming somewhat during the past week, but values have kept a uniform low level. In the middle of the week some buying to cover shortings by speculators and extensive buying by a few milling concerns on the Chicago market tended to stiffen prices here, but quotations soon dropped to the old level. It is becoming evident to all dealers that with the large supplies of wheat on hand, no considerable advances can be looked for. No. 1 Northern is quoted here at 97¢, No. 2 96¢, and No. 3 92¢. Ontario wheat is quoted here from quotations a week ago, due to the poor demand in Ontario flour. No. 2 winter wheat is selling at 80¢ outside. On the farmers' market the ruling price is 73¢ to 80¢, and for goose wheat 75¢.

COARSE GRAINS.

The volume of coarse grains coming in is small and prices have been steady. Corn is still on the decline with barley

stiff at the old quotations.
