IMPLEMENT AGENTS

Every day you come in contact with a large number of farmers. Are they all taking a reliable farm journal? Many of them are not, and therein is your opportunity of developing a profitable side line. We offer substantial cash commissions, and there is no reason why "a live wire" should not be able to make this one of his most profitable sources of income. **FARM AND DAIRY** subscription solicitors are among the best paid canvassers in the field. Let us start you in this work. A card will bring the information.

INSURANCE AGENTS

Life and Fire insurance agents are among the most successful canvassers. Do you feel the pressure of keen competition? Are there too many in the field and are you looking about for some means by which you can supplement your income from your regular business? There is a field which is not being over-worked and in which you will be able to earn a handsome return without interfering in any way with your present business. Write to us for full information regarding the cash commission we pay for soliciting new subscriptions for Farm and Dairy.

NURSERY AGENTS

A few months ago an agent for nursery stock wrote us requesting that we give him an agency for securing new subscribers for Farm and Dairy. We started him out in the work, paying him a cash commission, and now he is making from 15 to 20 dollars a week from this source. Instead of being a side line, it is now the chief source of his income. You can do equally well. Write immediately for the details of our plan. We can start you in a very pleasant and profitable business.
