

Why should you pay the same price for a fence made partly of small wires when you can get one made entirely of big wires?

A fence made partly of small wires might just as well be made wholly of small wires. It is only as strong as the weakest parts. A strain that the big wires will easily withstand may be too heavy for the small wires. If the small wires snap, what good are the large wires in the fence?

Now, then, you know what to do when you are asked to purchase a fence made with small wire locks or laterals. Just refuse to consider the proposition.

Give the LEADER fence a chance to prove its quality.

Examine it carefully. See how heavily and smoothly the wire is galvanized. This is the best grade of No. 9 hard steel wire produced by the largest mills in the world. It possesses far greater strength than ordinary wire. It keeps rust at bay.

Notice that the locks, laterals and stays are all of this best grade No. 9 wire. The LEADER is thus an evenly-tensioned fence. It will contract and expand evenly throughout the fence.

## Be Sure You Buy Fence With Locks, Laterals and Stays all of No. 9 Hard Wire.

Don't purchase a fence with laterals or locks of smaller wire than No. 9. Such a fence will not give as long service

as a fence consisting of No. 9 wire throughout, such as the Leader fence.

# Leader fence has the double-grip lock.

Frame & Hay Fence Co., Ltd., Stratford, Ont.

Also look at the way the ends of the LEADER lock curve over and interlock, thus producing a double grip. The LEADER double-grip lock is twice as secure a tie as the ordinary fence lock. It is impossible to spring the ends of the LEADER lock.

We've told you several reasons why you should purchase the LEADER. But we've more to tell you in our free booklet. Send for it without delay. You should have it in your hands now.

### Special Agency Proposition.

And if you have an inclination to start an agency for LEADER fence, or know of anyone who would make a good agent, write us for particulars about the agencies we've open in unrepresented districts. Our line is a winner, and comprises farm and ornamental fence and gates. For those who will order in carload lots we've a special proposition, which includes sending an expert salesman to help close orders and show how to erect LEADER fence properly. Write us to-day and get further particulars.
