A Sample of Pedlar Culvert and a Special Book about it to every Farmer or Reeve or Municipal Officer

**EASILY-LAID** Pedlar Corrugated Culvert made in non-rusting 'Toncan Metal' is handled "right at the job" and placed by a couple of men in a few hours' time. It makes a frost-proof and freshet-proof culvert—outclassing wood, masonry, concrete or brick. Strong enough to hold up a traction engine on the bare ground. Get our book. See Pedlar Culvert's uses for farms and roads. We send you a free sample, too. This is the best, strongest, deepest corrugated culvert ever made. Write for book.

These nested bundles are carried to the job by wagon—

and fit together like this—

when they are firmly clamped by this three-ply flange. After that you simply can't break down the culvert.

Remember you can use Pedlar Culvert on your farm—at the gate, in open drains, as well casing, etc. It saves time. Cannot wash out. Lasts years and years. Let us hear from you. Sizes—8 inches to 7 ft. in diameter. Get the free sample. See how strong it is. Write to-day.

Equip your ditches like this. Saves wagon, team and load.

# PEDLAR CULVERT

Send to-day for the Culvert Book and the free sample—nearest office below will care for you. Improve your highways and farms. Established 1861.

Direct your enquiry to the Pedlar Place nearest you. They will answer you promptly and save you time.

## Valuable Book on Barn Building FREE

Write at once for this valuable book. It contains information that every farmer should have regarding the sanitary housing of dairy cows. It explains every fundamental of correct construction and gives proper dimensions and arrangements. It describes lighting, ventilation, stable floors, and their construction, and contains suggestions about sites, exposures, appearance, design, drainage and inside equipment. Besides, you will find in this book a number of practical barn plans and other information that may point the way to your saving many a dollar. We have designed many of the finest and most modern dairy barns in this country and this book is based on our long experience and expert knowledge in dairy barn construction. The book contains in concise, clear and condensed form, information necessary to any farmer who is planning to build or remodel. Understand, we send you this book absolutely free without any obligation on your part—just for answering these few questions: Do you intend to build or remodel? How soon? How many cows have you? Will you want a litter carrier? Will you want a hay fork outfit? Send to-day.
