A Message to Women

SIXTEEN and twenty millions, and as they take the places of their brothers in khaki, the number is rapidly increasing. They constitute a large, important factor in the industrial and business world. Ladies in large numbers have entered the big field of Life Insurance soliciting, especially among women, and are making good. It is a congenial, ideal occupation, for which they are specially adapted. Men prefer to write men, being handicapped for insuring women by the lack of feminine sympathy and understanding. The ideal woman agent fills a natural demand, which appeals to her; without her a great, untold service to women would be left undone. The possibilities of success, in its broadest meaning, are unknown.

Large policies are being written among Business and Professional women, also among ladies of wealth and social position. Why not enter this attractive profession, with its freedom and opportunities, and reap your share of the rich rewards? We have a few vacancies for good lady Solicitors, to whom every assistance will be rendered. For further particulars apply by letter to W. G. WATT, Inspector of Agencies, 219 Continental Life Building, Toronto.

A SPECIAL SERVICE

Many men and women reluctantly assume the duties of Treasurer or Trustee of Charitable, Social, Fraternal, Educational, Religious or Civic organizations. The duties while responsible, may not require the full time of a salaried official. There are many advantages in the employment of a Trust Company in such cases: it is permanent, experienced, and responsible; it has unusual facilities for supervision and audit and for the safeguarding of books of record, documents and funds.

Consult us about the many phases of this Special Service.
