James Street.

"It is, undoubtedly, the most composes Beilemany
the English longrape that has ever been published,
also vide actuars before any other Dictionary of
language will be required. It is, in very reapen,
unproter to the folio collisions of Johnson's Decisionary,
Introductory matter—on the origin and progress of it inigrage will be required. It is, in very composiingrange to the folio collitions of Johnson's Dictionary. The
Introductory matter—on the origin and grogress of his
guage—Etyr ology—the changes of the English language
and other topics—contains an immense mass of metal in
formation, which must have cost the author a very great
degree of inhor and research. The pronunciation of
Serioural, Classical, and Geographical manner, forms
most valuable appeticits to the Dictionary, and causes, be
too highly appreciated. — Tanner Dick, (Author of the
Circition Philosopher, grant Dondar, Sapt. 12, 188.)

Bringhty Forry, may Dondar, Sapt. 12, 188.

Branchity Form, one Donne, see.

In regard to presumentation, we find perfectly satisfied that this revisitor places that satisfied on truce ground than any other words to be kind. The system, of presumenting conflores to a pair and rampy man, adapted to the character of angles, and have been presented to the character of from all the character of strongers, and is the removed from all the character of strongers, and in the removed from all the characters of strongers, and in the removed from all the characters of strongers, and the removed from all the characters of strongers, and the characters of strongers and the characters of strongers and the characters of strongers and the characters of the charact
