Just Received.—2000 Choice Imported and Domestic Cigars, for sale low, J. M. Shaw.

OLD HOUSE.—Speaking of old houses we think Church Street, Cornwallis, takes the cake. We were shown one which was built there 128 years ago this summer, and it seems in good condition yet. The timber of which it is built was imported from the States. We think it is the oldest house in the County that stands inhabited and in good repair.

Caldwell & Murray have received this week: 10 cases Amberst Boots and shoes, 9 do Rubbers, 1 do Underclothing, 1 do Dress Goods, 3 do American Hats and Caps.

Burpee Witt's has just opened a large variety of Hoop Skirts, Bustles and Dress Improvers in all the newest styles.

CROWN PICTURES.—Lately received at Rockwell & Co's, direct from the manufacturer's, a large lot of moulding expressly for framing the Crown Pictures. As this moulding has been purchased at bottom prices, we are now prepared to frame these pictures at over prices than have ever been quoted before.

BIG STEERS.—Mr Jas. Kidson, of Cornwallis, has the largest pair of steers, of their age, ever seen in this County. They are not sixteen months old yet and weigh 2170 lbs. Mr Kidson has just commenced to feed them for Exhibition, and he intends fattening them for Easter beef, by which time they will be immense. Ordinary four year old oxen look small standing side by side with them now. If there is any cattle around that beats these we would like an invitation to see them.

As Agent of the "Domestic" I hereby challenge any agent of the "New Williams" for a comparison of the two machines on any reasonable condition to be named by the Williams agent in the next issue of this paper.

A. C. Redden, Wolfville. August 31st, 1885.

BERWICK.

Berwick, Sept. 1st.—This being the first day of September Mrs Elizabeth Taylor, of South Berwick is one hundred and five years old to-day, and quite a number of the ladies of Berwick and vicinity are going to call on her this afternoon and have a kind of birthday party, and make things as pleasant as possible for the old lady on her hundred-and-fifth birthday.

F. A. Clark has a threshing machine attached to his steam saw mill and he is running the grain through at a great rate. When the weather is fine it is nothing strange to see four or five loads standing at the mill at one time.

The apple crop is a little below the average about this part of the country, but grain and other farm produce bids fair to be a very good crop.

Business is very quiet about our village. Money being so scarce is the excuse, but it is reported that the first day the Post Office Savings Bank was opened in Berwick there was fifteen hundred dollars deposited, so that don't appear as though money was so very scarce in Berwick after all.

A little girl named Kiddy, living at Port Williams, while walking on the boom at the White Rock Mills, fell into the pond and would have been drowned but for the bravery of Erastus Benjamin a little boy of twelve years, son of Michael Benjamin of that place, who rescued her as she was sinking the last time. Such courage in one so young should be rewarded.

Just received at Rockwell's a fine lot of Commercial and Fancy Stationery, which will be sold extremely low.

S. S. PICNIC.—The Wolfville Presbyterian Sabbath School held their annual picnic on Wednesday. The day, though of rather an unfavorable appearance in the morning, turned out to be one of the finest of the season. They left about ten o'clock and drove to "Oak Island," where they were joined by the Horton S. S. and a very enjoyable day was spent. Old and young alike took part in the games of cricket, croquet, base-ball, quoits, etc., and all returned safely at night well satisfied with the day's enjoyment.

Communication on this subject crowded out, will appear next week.

AFTERFEED.—On the Wickwire Dyke to be Let. Apply to S. Vaughan, Wolfville.

MESSRS EDITORS.—Allow me a line in your enlarged and handsome sheet concerning the best picnic of the season. Everybody that was there will know that I refer to the Methodist Sabbath School excursion to Mt. Denison on Thursday last. First, we had one of the finest days that ever shone on the earth. We could not have done better if we had made it ourselves. Secondly, Everybody in connection with the S. S., from the indefatigable, gentlemanly and successful superintendent to the aunts and uncles and cousins of all the scholars, and a lot more took advantage of the occasion; so we had a good company. Thirdly, it was none of your solemn crowds, but a laughing, rollicking, good-humored, jolly crowd, which kept the young and old and rejuvenated the old. Fourthly, We had a very low fare from the ever-accommodating Supt. of the W. & A. R. R. Innes, who himself accompanied us, and with the other accommodating officials made everything pleasant and agreeable without delay, mishap or accident. Fifthly, The ladies had prepared an appetizing, delicate, dainty fare for the occasion, Mr Editor, which we will not mention just yet never forgive yourself for not accepting the invitation to be present. Sixthly, A few young folk took their own "private train" and went and came at their leisure, very leisurely, and it was a year. And seventhly and more so, it was a grand union because we united the Greenwich S. S. in the excursion and all united with the Mount Denison S. S. on the grounds which were beautifully situated overlooking the Avon River. The officials of the Mount Denison School also turned out and put up tables and swings and did all in their power to make our visit pleasant; and they entirely succeeded. So much so that we could not refrain from giving them a very hearty vote of thanks for their kindness as the outburst of our jolly thankful hearts as well as three cheers for the Queen to assure her of our loyalty. And then the "more so" refers to the fact that our good friend of the W. & A. R. R. turned the whole affair into a Presbyterian picnic, or tried to, by issuing "Presbyterian S. S. picnic tickets." And when questioned about it said he "was not informed of the denomination of the school and" we added, "So you thought everything 'more so' refers to the fact that our good friend of the W. & A. R. R. turned the whole affair into a Presbyterian picnic, or tried to, by issuing 'Presbyterian S. S. picnic tickets.' Truth is, I believe they and all the rest are using the very same 'tickets' to the big picnic in the sky."

Born.
