London, May bi.—The Times says the emigration scheme proposed by Canadian capitalists bangs fire because of the objections of Gladstone to the system of state aid. It says the cabinet will insist on the Canadian Goyerament becoming responsible for the money loaned to further the scheme, probably thinking that by that means they will cause the project to be abandoned. There is reason to believe, however, that Canada will accept the responsibility.

Constantiople, May 16.—Lord Dufferin started for England yesterday. He will go by way of Vienna.

Albany, May 16.—The governor has signed at cts suppressing political assessments and lividing the State into acceptance.
