Assurance Given United States Ambassador-Expected Mr. Lemieux Will Receive Same Assurance Today-Active Campaign Planned.

Tokio, Dec. 8.-There is reason to believe that the entire question of emigration of Japanese to America has een satisfactorily settled, at least for the present, after a series of conferences present, after a series of conferences which have been held between united States Ambassador O'Brien and Minister of Foreign Affairs Hayashi. It is understood that at their last meeting the report of the Japanese Government outlined a plan by which it is agreed to limit emigration to students and commersial men having means of support, and entirely to prevent Japanese laborers from going to America.

It is said that Foreign Minister Hayashi has determined to exercise absolute control in the matter. Hon. Rodolphe Lemieux, the Canadian Minister of Labor, will hold a final conference with Junister

Lemieux, the Canadian Minister of Labor, will hold a final conference with Nurister Hayashi and Baron Ishii to-morrow, when he will receive the same assurances in regard to a limitation of emigration by Japan as the United States has already received.

The progressive party is preparing for an active campaign in the Diet, in opposition to the Government's policy to restrict emigration to the United States and Canada. It is improbable, however, that it will succeed in mustering enough strength to create a serious situation. strength to create a serious situation the Foreign Offire remain firm in its determination not to yield to the importunities of the emigrati panies or others who sympathize with them.

New York, Dec. 8 .-- The Herald has the following special cable from London: A cheery soul is the hero of Mafeking, Major-General Baden-Powell. He has been prophesying the downfall of the British Empire idst in the same way that the Roman Empire fall of old. He was lecturing to a big gathering of boy scouts in the Regent street Polytechnic, and here is a bit of what he is reported to have said.

Great Britain is to-day just about tle same as the Roman Empire was two thousand years ago. We know the latter's history and all her faults. We should take care we do not fall into the same errors. But I don't suppose it could be done in the same way now, because I understand that the football players cost about \$22,000.

MISSOURI'S SUNDAY LAW.

Two Hundred Actors and Actresses Arrested for Violating It.

rested for Violating It.

Kansas City, Mo., Dec. 7.—Drastic measures were taken here to-day to enforce the Sunday closing law. The Grand Jury indicted 228 travelling actors and actresses and employees of local theatres charged with violating the Missouri law forbidding labor on Sunday. Of this number 141 were arrested and gave bail for \$200 each, while the others evaded the officers and left the city without being apprehended.

The court room presented an unusual and almost ludicrous appearance when the persons arrested were lined up before Judge Wallace to give bond. Many of the performers went directly from the matinees to the court house and had not had an opportunity to remove the paint from their faces. About one-third of them were women, many of them chorus girls.
