**PERMISSION TO
DECREASE RATES**
The New Brunswick Public Utilities Commission, in session here Wednesday, issued an order granting the Bathurst Electric Light Co. permission to decrease their rates from twelve to eleven cents a kilowatt hour. The board made a further order requiring the company to set aside three per cent. of its gross earnings for a depreciation fund. H. C. Ramsey of Bathurst appeared for the company.

**SHIP WILL
HUNT WHALES**

**The "Feather Duster," With a
Crew of Nineteen Men to
Hunt Whales.**

This is a whale of an egg story. You see, it's like this: The "Feather Duster" has gone to sea to hunt whales. Nineteen men on board will kill whales and bring 'em back to feed to chickens. Then, it's their fond expectations, the chickens will be stronger. They will lay more eggs. And bigger ones. "We have to do something," said H. W. Kerrigan, secretary of the New York Farmers' Association. "We have exhausted the supply of worms." "Whale meat's good. Have eaten it myself. Hens ought to eat it with a relish." If hens wax strong and prolific on whale blubber, they will worry the Chinese hens, who sent \$16,268,293 worth of eggs to America last year.

Porter—"Miss, your train is coming."
Precise Passenger—"My man, why do you say 'your train,' when you know it belongs to the company?"
Porter—"Dunno, miss. Why do you say 'My man' when you know I belong to my wife?"

GRAY-DORT

The New Model

Seldom has a car won such immediate and widespread popularity as the Gray-Dort with its new and wonderfully beautiful bodies.

Everyone who has viewed this body design has spoken of the Gray-Dort as the unquestioned style leader of its field. It has been instantly lifted into the class of cars costing at least \$700 more.

From a value standpoint, the new Gray-Dort has not a rival. It is the motor car sensation of 1921.

The new model is now on view. You are urged to see it at once.
