FREDERICTON, MAY 15, 1895.

THE MEN HE SNEERED AT.

Mr. Foster attempted to make light of the opposition attack on the Fredericton and St. Marys railway bridge deal, and announced that when the charges came from men of more weight and respectability he would answer them. But let us see who were the gentlemen leading the attack and whom Mr. Foster would dispose of with a sneer.

THE CONSOLIDATED ELECTRIC.

Mr. Flint of Yarmouth, submitted his resolution for straight prohibition to the legislative committee of the Dominion Temperance Alliance, and received the endorsement of that body. It will be moved in Parliament and the temperance people are wondering what means the Government will take this time to side-track it.

The Montreal militia abandoned their intended parade and sham battle for May 24th after having learned from Ottawa that the Government will not drill pay this year for city corps. The officers and men are very indignant.

It is said that Principal Peterson of Dundee University, Scotland, has been offered the principalship of the University of McGill University, Montreal. Is there no Canadian qualified for the position?

The Monetary Times, a non-political newspaper, says that "in criticizing the budget Sir Richard Cartwright was at his best," and praises the tone of his speech.

A DEAL IN COAL.

The Water Committee's Peculiar Action in Accepting Tenders. The water committee of the city council has placed themselves in a position which is very much condemned and criticized by the taxpayers of the city.

The water committee of the city council has placed themselves in a position which is very much condemned and criticized by the taxpayers of the city. A few days ago they advertised tenders for coal for use at the gas plant during the current year, calling for 300 tons, and specifying for Victoria and International, from the Sydney mine, Springhill, and Grand Lake coal to be screened and free from slack and shell.
