

## 351st Day of the War

LATEST  
From the FrontMessages Received  
Previous to 9 a.m.

## OFFICIAL.

LONDON, July 20. The Governor, Newfoundland: The French Government report a German attack repulsed west of Souchez, also successful air raids on railways at Colmer and Challerange. The Russian Government report further enemy advance in the Riga district and on the Narva front. The Italian Government report progress after a sanguinary action upon the Isonzo front. Several lines of trenches were captured on the Carso plateau with 2,000 prisoners and six machine guns. The Italian cruiser Giuseppe Garibaldi was torpedoed in the Adriatic. Most of the crew were saved.

## KITCHENER'S NEW ARMY.

NEW YORK, July 20. Those troops now departing include all those who enlisted between the outbreak of the war and last January. The remainder stay behind as reserves. No man is going out who has had less than six months of training. The remaining million serve to fill up the reserve. The larger the army, the greater the number of reserves necessary, is Kitchener's motto. For the moment Aldershot, Salisbury and all the great training centres are deserted. They will be reserved for new recruits, compulsory or otherwise, expected as soon as the National Register is completed. Meanwhile those left in Kitchener's army are training harder than ever.

## ITALIANS PROGRESSING.

GENEVA, July 20. Despatches to the Tribune say that large gains have been made by the Italians since July 16. According to these advices the Austrians have lost more than five miles in Cadore and lesser amounts in Gradina, Dolosio and Kollerwald. On the Isonzo the Austrians have recaptured two positions near to Limino and north of San Lucas. The Tribune also publishes a despatch from the Russian front saying that on the night of July 17 and 18 a fierce hand to hand encounter occurred on the Rawa River in Russian Poland. After fifteen hours fighting the Russians forced back their opponents several miles, capturing several hundred prisoners.

## RUSSIAN RETREAT ENDED.

LONDON, To-day. Frederick Rennett wires the Daily News from Petrograd: Von Hindenburg has taken control of the joint operations north and south of Warsaw since Saturday. However, the Russian retreat has ended, and Von Hindenburg's elaborate strategy has only half succeeded. He ordered Von Mackensen in South Poland, to bring his eleventh army and all his available supports to capture the junction of roads leading to Lublin and Cholm. Stopped by the Russian Place on both banks of the Vistula where the Austro-Germans were trying to pierce the Russian front. The

Duckworth St. and  
Military Road.

Austro-Germans unsparing of men, lost, enormously.

## RUSSIA'S STUBBORN FIGHT.

LONDON, July 20. The plan of drawing the Russians away from the South into North Poland, has failed. They are abundantly strong to guard the rivers in the south against a succession of attempted surprises there. On the left bank of the Vistula, Von Mackensen is moving toward Lublin to help the Archduke's shattered troops. The Russians have been successful in dislodging the Germans from Moterleim forest, four miles southwest of Grabovetz, and near the road from Zamosc. This may prove disastrous to Von Mackensen, for it threatens his rear north of Warsaw. The operations in the region of the fortress of Novo Georgievsk. The appointment of General Rusk to succeed Vandervliet, has had an important bearing on the operations in Poland. General Rusk immediately took command of the personnel of the railways and the administrative officers, so as to make it impossible for the Germans to learn what is being done.

## NEW WAR VOTE.

LONDON, July 20. A new vote of credit of £15,000,000 was introduced to-day in the Commons. This second supplementary vote will bring the sum actually appropriated by Parliament for war expenditures to a total of £650,000,000.

## STEAMERS COLLIDE.

LONDON, July 20. The British steamer Polish Prince, from New York, has been sunk in a collision with the Lowther Range. One man was drowned. The Lowther Range was from Manchester for Montreal.

## STANDARD OIL STRIKE.

NEW YORK, July 20. Virtually every workman employed by the Standard Oil Company at its Constable Rock Plant, in Bayonne, went on strike to-day. About five thousand men are out.

## WELSH MINERS' STRIKE SETTLED.

LONDON, July 20. A despatch from Cardiff announces the strike of the Welsh coal miners has been settled.

## PREMIER ASQUITH'S ANNOUNCEMENT.

LONDON, July 20. In moving the new vote of credit for £150,000,000 in the Commons to-day, Premier Asquith announced that for the first seventeen days of July the war expenditure had been £54,000,000, and the rate of expenditure showed a daily natural tendency to rise. The item of loans to the Allies of Britain might also, the Premier pointed out, grow with adhesions to the allied cause, by States not yet participating in the war. The Premier estimated that £100,000,000 would carry Britain to the end of September, but in view of possible contingencies he advised the House to increase the total to £150,000,000. The Premier drew special attention to a change in the wording of the vote of credit, which in the present case empowers the Government to expend the money in loans and grants to other States than those falling within the category of "His Majesty's Dominions, Protectorates and Allied Powers." The Premier significantly emphasized the change, saying that it was "a step which I think it desirable under the existing situation," he said, "that we should have rather wider powers in respect of the money to be expended by the Government, and states by which advances may possibly be made. I am sure that the House will agree that the Government should have in this matter a freer hand." Asquith touched on the cotton question during the debate. "The Government are not without hope," he said, "that we shall obtain without much delay, a more satisfactory and more adequate solution of various difficulties surrounding the cotton question, than has yet been possible. I am not satisfied myself with the existing state of things, and believe that a great deal of this material, which is a necessary ingredient in the manufacture of some very formidable kinds of ammunition, reaches the enemy which ought not to reach him. On the other hand, we have to be very careful to exercise our belligerent rights so as not unduly to infringe on the trading interests and legitimate susceptibilities of the neutral powers, with which we are on terms of perfect amity and which we do not desire to provoke anything in the nature of an unnecessary or gratuitous quarrel."

## COTTON CARGOES CONDEMNED.

LONDON, July 20. A large part of the shipments of American cotton held up by England, will probably be condemned by the Prize Court. This was indicated by a ruling made to-day by the Government.

## NATIONAL ECONOMY URGED.

LONDON, July 20. Lord Lansdowne declared in the course of a debate in the Lords to-day, the necessity for national economy, saying that although some nations might emerge from the conflict with increased territory, none would emerge with resources unimpaired. "I believe the traces the war will leave will be in the form, not only of arrested progress, but an immense burden of financial embarrassment, might almost say financial disaster, to bear which will tax the resources of the civilized world." Lord Cromer, who took part in the debate, said the only way to rehabilitate the finances of this or any other country, is complete victory, resulting in the overthrow of Kaiserism and the establishment of real constitutional Government in Germany.

## PROHIBITION OF METAL EXPORTS.

LONDON, July 20. Indicating the extent of Britain's efforts to keep metals out of Germany the public have been officially requested to pack whatever food may be sent to prisoners of war in Germany, in cardboard or wooden boxes, such as are usually put up in tin boxes or cans, glass or earthenware

to be substituted. The export of tin has already been prohibited to Scandinavian countries and Holland.

## GREAT CAPTURE OF MUNITIONS.

LONDON, July 20. A fleet of fifty-nine Turkish sailing vessels, laden with war materials for the Turkish Army, has been destroyed by Russian torpedo boat destroyers, according to a despatch from Sebastopol to Reuters' Telegram Co. These sailing vessels were on a voyage to Trebizond, a seaport in Asiatic Turkey on the Black Sea. The crews of the Turkish ships were made prisoners by the destroyers.

## RUSSIAN STEAMER SUNK.

LONDON, July 20. The Russian steamer General Radetsky was torpedoed and sunk by a German submarine on July 17th.

## U. S. BATTLESHIP ON FIRE.

WASHINGTON, July 20. Fire last night aboard the new battleship Oklahoma in the yards of the New York Shipbuilding Company at Camden, N.J., is believed to have originated in the wooden supports and other inflammable material in the magazine space between the two forward turrets. Navy officials do not believe there is anything to indicate work of an incendiary character.

## CHINA'S TERRIBLE LOSS.

WASHINGTON, July 20. From 80,000 to 100,000 lives have been lost in floods in the vicinity of Canton, China, according to a telegram to the State Department to-day from Peking. Consul General Chesire appealed for all the assistance that can be rendered by the navy department.

## BRITISH GAINS.

LONDON, July 20. Field Marshal French in an announcement to the War Office says: Yesterday evening, after successfully exploding a mine just west of the Chateau of Hooge, east of Ypres, our troops occupied about 150 yards of the enemy's trenches. This gain has since been consolidated. We captured fifteen prisoners, including two officers, also two machine guns, and two other German machine guns were destroyed by explosion. Elsewhere on the front there is nothing to report.

## RASOM CAPTURED BY TEUTONS.

VIENNA, July 20. Rasom, capital of the Province of Radom, which lies 57 miles south of Warsaw, was captured by the Teutonic Allies, according to an official communication.

## AWAITING FALL OF WARSAW.

LONDON, July 20. From the shores of the Gulf of Riga in the north, to that part of Southern Poland back into which they drove the Russians from Galicia, the German army are still surging forward, and if Warsaw can be denied them it will be almost a miracle. This seems to be the consensus of opinion even among those who regard the Russian position as hopeless. The German official statement, beginning with the northern tip in the eastern corner of Lublin has either been captured or is in danger of falling into the grip of the Austro-Germans, the Russian Commander-in-Chief having issued an order that the Civil Governor of the city should retreat to the retreating troops. There has been a flash of British activity in Flanders, without any appreciable change in the situation. The British public are far more interested in the South Wales coal strike, which, by virtue of Lloyd George's flying visit to Cardiff, seems to have been settled, and it is understood that the town of Lublin has either been captured or is in danger of falling into the grip of the Austro-Germans, the Russian Commander-in-Chief having issued an order that the Civil Governor of the city should retreat to the retreating troops. There has been a flash of British activity in Flanders, without any appreciable change in the situation. The British public are far more interested in the South Wales coal strike, which, by virtue of Lloyd George's flying visit to Cardiff, seems to have been settled, and it is understood that the town of Lublin has either been captured or is in danger of falling into the grip of the Austro-Germans, the Russian Commander-in-Chief having issued an order that the Civil Governor of the city should retreat to the retreating troops.

## CLEAN IT UP.—The north side of Quidi Vidi Lake, near the head, should be attended to.

## SALT STEAMER DUE.—The s.s. Bellerby is now due from Cadiz with a cargo of salt, being 13 days out.

## HERRING CARGO.—The schr. Alma Nelson has sailed from Exploits for Halifax with 1,300 barrels of herring.

## DUE TO-MORROW.—The Allan liner Pomeranian and Red Cross liner Stephano are due here to-morrow from Philadelphia and Halifax.

## UNDERGOING REPAIRS.—The Portuguese vessel Argonauta, which was in collision on the Grand Banks and severely damaged is now undergoing repairs at the wharf of A. Goodridge &amp; Sons.

## MANY SPORTSMEN UP COUNTRY.—An unusually large number of tourists and sportsmen are now up country, and are having excellent fishing, as salmon are reported plentiful in the principal rivers.

## COMMERCIAL CABLE.—The work of laying the pipe for the cable from Cuckhold's Cove to the Commercial Cable Co.'s new offices is progressing very favorably under the direction of Mr. W. J. Sinnott. The pipe has been laid along Holloway, Flavin, Bond and Bannerman Streets, Bannerman Road and to point in Circular Road at the rear of the Government House grounds. The men are working in the trench towards Quidi Vidi Lake, where it enters the water, and again at the eastern end and thence to the Cove.

## To change the ticking cover on pillows, shake the feathers all down; baste the upper portion of the pillow two inches below the top seam, then cut the top seam open. Baste the new ticking to the opening; pull out the first basting thread and shake the feathers into the new ticking.

## TROUBLE AT REMINGTON'S.

BRIDGEPORT, Conn., To-day. While labor leaders announced approximately 1,000 machinists employed at the Remington Arms Ammunition Company and four sub-contractors walked out on strike, indications were that the difficulty of accomplishing the aim of union men had been experienced. Some of the officials of Remington Company denied emphatically that any men of that plant had walked out. Rumor had it that Major Pelfield offered machinists eight hour day with an agreement of \$1.00 a day extra pay and that they had agreed to remain. The sub-contractors, on the other hand admitted all their machinists had walked out, among sub-contractors admitting their men had struck with concerns which employ between them less than 200 men.

## WELSH MINERS VOTE TO-DAY.

CARDIFF, To-day. Subject to ratification by the miners themselves through delegates who will assemble to-morrow, representatives of the Government and coal mine owners on the one hand and the Executive Committee of the South Wales Miners' Federation on the other agreed to-day to terms which will go into effect to-morrow. It is thought will end the coal miners' strike, which since last Thursday tied up the South Wales coal fields and menaced the fuel supply of the Navy. The terms arrived at grant substantial increase in wages, involve concessions to strikers which are considered by the Executive committee, tantamount to the admission of the miners' claims on nearly all outstanding points. Last night the delegates were visiting their districts and canvassing the sentiments preparatory to to-morrow's vote. If to-day's meeting should bring a settlement of the strike, the thanks of the country will go chiefly to Lloyd George, Munitions Minister, for it was his arrival here on Monday night that paved the way for breaking the deadlock between the miners and mine owners. If the vote to-morrow is favourable in ending the strike, 200,000 will return to work immediately and to the aid by the terms of the settlement until six months after the termination of the war.

## ITALIANS MAKE ADVANCE.

ROME, (Official), To-day. On the Isonzo front our vigorous offensive resulted in progress yesterday especially on the plateau of Carzo, where we took five hundred prisoners. Our troops dug rapidly the conquered positions and resisted counter attacks. The action continued throughout the night.

## WILSON'S CABINET AGREE ON NOTE.

WASHINGTON, To-day. President Wilson and Cabinet, after two hours' discussion to-day approved the final draft of the note to Germany. Cabinet officers refused to discuss the contents or intimate how the insistence of the States to obtain the conquered positions and resisted counter attacks. The action continued throughout the night.

## Here and There.

CLEAN IT UP.—The north side of Quidi Vidi Lake, near the head, should be attended to.

SALT STEAMER DUE.—The s.s. Bellerby is now due from Cadiz with a cargo of salt, being 13 days out.

HERRING CARGO.—The schr. Alma Nelson has sailed from Exploits for Halifax with 1,300 barrels of herring.

DUE TO-MORROW.—The Allan liner Pomeranian and Red Cross liner Stephano are due here to-morrow from Philadelphia and Halifax.

UNDERGOING REPAIRS.—The Portuguese vessel Argonauta, which was in collision on the Grand Banks and severely damaged is now undergoing repairs at the wharf of A. Goodridge & Sons.

MANY SPORTSMEN UP COUNTRY.—An unusually large number of tourists and sportsmen are now up country, and are having excellent fishing, as salmon are reported plentiful in the principal rivers.

COMMERCIAL CABLE.—The work of laying the pipe for the cable from Cuckhold's Cove to the Commercial Cable Co.'s new offices is progressing very favorably under the direction of Mr. W. J. Sinnott. The pipe has been laid along Holloway, Flavin, Bond and Bannerman Streets, Bannerman Road and to point in Circular Road at the rear of the Government House grounds.
