

Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time In Many Instances

A Free Prescription You Can Have
Filled and Use at Home.

Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able

to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye trouble of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Don-Opto tablets. Drop one Don-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear and dimly light from the start and in a few days your eyes will be better. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

Here Another statement from one who has been cured. "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." THREE DEATHS AT POOR HOUSE—Yesterday there were three deaths of female inmates at the Poor Asylum at one time.

Stafford's Drug Store (Theatre Hill) is open every night till 9.30.—Jan. 2, 17.

BIG SALT SHIPMENT—The Premier is in receipt of a cable from Lord Rothermere, of the Anglo-Nfld. Dev. Co., stating that one of their steamers would bring 6,000 tons of salt when leaving for here for a load of paper. This will help to offset any likelihood of a salt scarcity.

C.M.B.C.—The Corporate Communion of the Class will take place to-morrow at the Cathedral at 8 a.m. In the afternoon the regular meeting will be held in the Synod Building, when, owing to the work in hand, a full attendance is requested. The annual Sociable will be held in the Synod Hall on Feb. 14th and the necessary arrangements are now being made to ensure its usual success.

FOR THE HOSPITAL—The following patients were admitted to the General Hospital yesterday: Mr. Albert Fowler, Trinity, who underwent a serious operation to his head; Mr. John Arnold, Glovertown, B. B., suffering from eye trouble; Mr. John Churchill, Lower Island Cove, who will be operated on as he is suffering from a complication of diseases; and Mrs. Noseworthy, Pennywell Road, City, who will undergo a slight operation to her hand.

Aching Back Gets Relief Quick! One Rub with "Nerviline" Cures

Every Bit of Stiffness and Soreness
Goes When "Nerviline" Is Used.

Pain in back or side is awful hard to reach. Deep in the tissue is a congested or strained muscle. It is a long way for a liniment to go. Liniments you have used have not reached it and the pain bothers you, whether moving or lying down.

What a pity you haven't tried Nerviline! Penetrating, you ask? Yes, and powerful, too. Nerviline strikes in far deeper than any application you have ever used. You might pay a dol-

Married in London.

A very pretty wedding was solemnized on Jan. 6th at St. Mary's Parish Church, Hornsey, London, Eng., by the Rev. E. F. A. Blenkin. The contracting parties were Corporal George G. Hunt and Agnes M. Hancock, daughter of the late Thomas G. Hancock, Esq., of Forest Gate, Essex. The groom was assisted by his brother, Corporal Nicholas Hunt, a Gallipoli veteran, but now attached to the Pay and Record staff. The presents received from friends in England and Newfoundland were many and included one from the groom's associates in the Canadian D.M.S. Office. The Telegram joins their numerous friends in wishing Corporal and Mrs. Hunt many years of wedded happiness.

THE FIRST PAIR.

Don't make any mistake this year. Let your first pair of rubber shoes be Bear Brand. Times are too hard for anyone to take chances of being out of work for two or three weeks with a cold which could have been avoided by getting satisfactory rubber shoes. The good old BEAR BRAND shoes, which are becoming more widely known every day, are being sold in St. John's by:

Well Known Figure Passed Away.

There passed peacefully away at his home, Cabot Street, yesterday, Mr. Stewart Taylor, a well known figure in this community. For many years deceased was a prominent member of the Salvation Army, and his solo singing and violin selections at the Citadel and open air meetings were impressive, and no doubt were the means of winning many to the cause. For some time past he was compelled to remain in doors owing to ill-health and death claimed him at the age of 55. Left to mourn are a widow, three children and two brothers to whom the Telegram offers sympathy.

Minard's Liniment Cures Distemper

Great Skin Cure Stirs Country.

A new scientific discovery for skin diseases is attracting the attention of all doctors in Newfoundland and Canada. This discovery gives instant relief to the most aggravated cases of Eczema and allied diseases and brings about permanent cures in a fortnight. It is called the D. D. D. Prescription for Eczema.

Apparently no case of eczema can stand against this simple remedy, D. D. D. Prescription. As soon as the first few drops of this cleansing, soothing liquid are applied, the itch is gone. D. D. D. cures because it penetrates the skin and washes away impurities, unlike greasy salves which merely clog the pores and aggravate disease. D. D. D. penetrates to the disease germs, kills them and then soothes and heals the skin.

D. D. D. is being used with great success for all forms of Eczema, Bad Leg, Pimples, Psoriasis, Salt Rheum, Ulcers, Barber's Itch and in fact all skin diseases. Test this great cure; don't delay. Get a bottle of D. D. D. Prescription to-day. Sold Everywhere. Recommended by T. McMurdo & Co., A. W. Kennedy, M. Connors, Peter O'Mara.

THE REVOLVER.

The revolver is a handy implement which is sometimes used to deprive strangers of their jewelry, breath and other valuables. There are six shots in every revolver, any one of which, when accurately located, will prevent the deceased from testifying at the trial of the accused. Revolvers are bought in large quantities by timid husbands who take them home in order to discourage burglars from entering the house and carrying off the hall clock. As a rule, the revolver is always hidden in the lower left hand drawer of the library table, where the husband can get at it without attracting the burglar with his bare hands. Revolvers are called concealed weapons for the reason that the contents are usually concealed in somebody else.

The toy revolver is a playful form of spontaneous combustion which does most of its combusting on the Fourth of July, leaving handbags, splinters and other mementos in its wake. Some toy revolvers explode with so much zeal and earnestness that people who look down their throat just before pulling the trigger can hardly tell them from the sudden uprising of a keg of giant powder.

The above pistol is an adult revolver which lets go of a bullet as large as a billiard ball. After a midnight marauder has received three or four of these bullets into his system, it will begin to dawn upon him that he has been struck by something and he will retire hastily for repairs. There would be fewer burglars in this country if it was generally understood that there was a repeating revolver in every home, however humble, with a plain, undaunted female immediately behind it.

If children are allowed to play with the family revolver they should be taught to point it straight up, so they will not kill anybody except a total stranger.

Everyday Etiquette.

"Should the bride or groom set the wedding day?" inquired Evelyn. "It has ever been the bride's privilege to set the actual day for her wedding although the groom and bride often select the general time together," answered her aunt.

Grand Complexion Improver Better Than Cosmetics

When it's so easy to bring back the bloom of youth to faded cheeks, when skin disfigurements can be removed, isn't it foolish to plaster on cosmetics? Go to the root of the trouble—remove the cause—correct the condition that keeps you from looking as you ought. Use Dr. Hamilton's Pills and very soon you'll have a complexion to be proud of. How much happier you'll feel—pimples gone, cheeks rosy again, eyes bright, spirits good, joyous health again returned. Never a failure with Dr. Hamilton's Pills, get a 25c. box to-day.
