Over the hills the mist comes down Over the little fishing town; Over my heart the shadows fall, And my eyes are mistiest of all As the night falls over the sea.

I've read the list and the list is long.

"Killed in action!" his name is there—
Glory and Fame his land may share;
But Sorrow abides with me.

We thought it fine to live at ease and drone along our selfish ways; we worshipped vain idolatries; for gold and wine we spent our days. For, war seemed very distant, then, and life was like a summer sea on which the painted barks of men were drifting rudderless and froc. Then strife appeared and laughter fied and duty grimly called the roll. And from a non and downy bed we rose a nation with a soul.

Gentlemen,

I am more than grateful since using your wonderful D.D.D. for Eczema.

My little girl was troubled with Wesping Eczema. I used everything but to no use and I thought D. D. D. would be of no use either. My girl's head became so bad I had to clip her hair off and keep her from school. She got sores all over her body. I used 6 bottles and I am proud to say she is cured. Not a pimple or rash and ner strenger was not arrested, as the should have been. A large number of fishermen were around him while the officer was given. In last evening's footer game between the B. In one picture the Premier is inspecting an instructional trench at the front, and in the other he is being shown the working of a Lewis 'gun. The Premier appeared to be very much interested.
