Railing Sergeants' Memorial

Editor Evening Telegram

Dear Sir—In your issue of yesterday, "Union Jack" made some inquiries in connection with the railing for the Sergeants' Memorial. For the information of "Union Jack" and others who may be interested, we would appreciate your courtesy in publishing the following information:—

In June last, a subscription list was opened in the columns of The Evening Telegram, and the sum of \$1,078.70 was subscribed. This amount was deposited as a Trust Fund for the erection and maintenance of the railing.

A committee was appointed by the Sergeants' Mess of Nfld. to procure designs and quotations from various firms for a suitable railing. A design submitted by Messrs. Henry Rodgers, Sons and Co., of Wolverhampton, was adopted by the Mess, and the order was placed on Feb. 28th, 1925. The railing should arrive by the next English boat.

It was hoped that lighting standards could be embodied in the design of the rail, but as neither the Government or the Municipal Council would undertake the payment of lighting expenses, the lighting Standard has to be omitted from the Design.

Should the railing arrive on the "Digby" which is now due, every effort will be made to have it erected by July 1st. If not some suitable Battle Anniversary Date will be selected as a Dedication Day.

Yours truly,
A. J. IVANY,
Secretary Treas.

A Youthful Exhibitioner

At the conclusion of the Music Exams conducted throughout the Island, by Mr. George Vincent of the Trinity College of Music, London, it was ascertained that little Miss Smyth daughter of Mr. Thomas Smyth, King's Bridge Road, and pupil of the Presentation Convent, Cathedral Sq. had gained 90 marks in Junior Practical Music—which distinction entitles her to an Exhibition of Six Guineas.

This scholarship is open to all pupils entering for Senior, Intermediate and Junior Music, every year, and the age limits are respectively, sixteen, sixteen, and fourteen years; but Miss Smyth is now only in her eleventh year, and has gained the highest marks of the three Grades. To the youthful exhibitioner, her parents, her teacher, and her school we extend hearty congratulations.

Chase & Co., Limited, incorporated under the Ontario Companies Act, owners and successors to Edmanson, Bates & Co., Limited, Toronto, and Dr. A. W. Chase Medicine Co., Buffalo.

The stock will be sold at par. \$100. A. W. Based upon the balance sheet as of April 1, 1925, after giving effect to the preferred shares issued, the total assets available for security for these shares are \$1,050,000, which is over \$250 for each preferred share.

Sales in 1924 amounted to \$481,000, and net earnings during the past eight years have averaged \$31,403 annually. It is expected that application will be made in due course to list the shares on the Toronto stock exchange.

First Cod Taken in Straits

HOME BRINGS INTERESTING REPORT.

The S.S. Home, Capt. Norman, arrived from the Straits of Belle Isle via usual ports yesterday morning. Capt. Norman reports that at Bonne Esperance Whiteley's men jigged 4 or 5 qts. last Friday. This is the first sign there for the season. At Isle au Bois some cod were also jigged. Three salmon, the first for the season, were taken at Battle Hf. the day the Home was there. At Cow Head 15 barrels cod were taken in trap last Tuesday. There is a sign of cod at Flower's Cove on the outer ledges, and at Port aux Choix and St. John's Bay there has been good codfishing. At the latter place J. H. Haliburton has about 150 qts. under salt. On Port aux Choix the United States schooner Henry Ford secured 100,000 lbs. of halibut. She made the trip from the time of leaving her home port till she started for home in exactly a week. The halibut were very large, the smallest being over 250 lbs. There is no ice along the Straits coast. There was a small patch reported at Grady. A steamer was loading pit props at Hawkes Bay and would be ready to sail to-day. The Home brought several passengers. She sails north again after the arrival of to-day's express train.—Western Star, 10.

WHAT IS

SAN-O-SPRAY

Certain filthy and pestiferous insects have for many years been the bane of households, hotels and institutions. While most of us have become accustomed to them because of their general prevalence and the difficulty of destroying them, there is now no need of tolerating them any longer. Since the discovery of "SAN-O-SPRAY," it is very easy to rid the premises of Cock-Roaches (water bugs), Bed-Bugs, Moths, Flies, Mosquitoes, Ants, Fleas, Weevils, etc., by applying SAN-O-SPRAY to the retreats of these pests.
