

The Recent Appointments.

Our readers already know that the new Government, on entering office, discovered that their predecessors had made during the past few weeks, nearly one hundred appointments to office, keeping them secret from the public and Parliament to the last moment.

In the case of Mr. Tilley, and also of his late colleague, Mr. Hugh McDonald, appointed a Justice of the Supreme Court of Nova Scotia, the case is aggravated by the fact that they were, at one and the same time, the Ministers who gave and the members who received these offices in a manner so indefensible.

As regards the public action of the new Government on these appointments, we are not as yet able to give any information. The tenure of office of Lieutenant-Governors and of Judges is different from that of inferior placemen, and all cannot be treated in the same way; but we do not think that the Ministry will seek to correct, by every means within their reach, the assumption of undue authority by their predecessors.—Globe.

Nearly 8,000 persons have been thrown out of employment in Brooklyn, N.Y. The workmen are to hold a mass meeting to demand the resumption of public works.

GREAT FIRE.—A fire occurred at Stayer early on Tuesday morning, destroying the station on the Northern Railway, Randolph's saw mill and lumber yard, Summerfield's hotel and four houses. The loss is estimated at \$200,000.

BREAKFAST.—Epps' Cocoa.—GRATEFUL AND COMFORTING.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills.

IMPROVE NUTRITION.—The central idea in the treatment of all Chronic Wasting Diseases, resulting in Nervous Prostration and General Debility, is to improve the Digestion and Assimilation of Food, and the Formation of Healthy Blood. Dr. Wandler's Compound Syrup of Serravallo's Food, and Calissaya contains the only agents known that act directly as excitants of nutrition, by imparting tone to the Stomach, Liver and Pancreas, the great triad that prepares nutriment for building up the organs and tissues of the body. The action of this remarkable preparation is extraordinary in strength and vitalizing the constitution, whether impaired by age, exhausted by excesses, bad habits, or run down by old complaints that have resisted all ordinary methods of treatment. Being a delicious cordial to take, and perfectly harmless under all circumstances, it is eminently adapted to prostrate anemic women and feeble children.
