The annual meeting of the Women's auxiliary Missionary Association of the Diocese of Huron was continued in Victoria Hall yesterday afternoon. Ninety-four delegates and members of the Board of Management were present. The reports of the secretary and treasurer [as published in yesterday's ADVERTISER] were highly gratifying, showing a great increase of zeal and in-

their requirements in the matters pertaining to religion. The work among the Indians was very successful and had been extablished several years ago, particularly along the Mackenzie River bed. Unfortually along the Mackenzie River bed. The speaker was of the opinion that it was more essential to have men to do the work than to have money to do it with. If the men were forthcoming the money would soon follow. Anything done for the Indians was an act of charity, because they were a dying race. Principal Fowell followed him, speaking on foreign mission, which he figured out to represent 1,030,000,000 people. He reviewed the work of the past generation, which showd a marked advance in missionary sentiment. The support to missionary sentiment. The support to missionary sentiment. The support to missionary work now was much better than ever before, and it had come to be looked upon as a duty. That it was a duty, the lecturer elucidated by showing the state of support to missionary for the wants and well-being of the inhabit and protest to allow opium to enter into the country to satisfy English traders. India had been treated with great cruelty when the English yoke was thrust upon it. The habits of the people were changed, their gods and idols destroyed, and Christians were now in duty bound to send them the Gospel of Jesus Christ.

Miss Emery, of New York, secretary of W. A. M. A. of the Episcopal Church in the United States, and one of the founders of the association, spoke on her experiences in the mission field. Her work had been confined very much to the Western Indian missions in Dakota. Of these people she related some very interesting stories illustrative of their eagerness to do some thing themselves to help the

ness of the hour.

A hearty vote of thanks was tendered to the speakers at the close of the evening

programme.

Mrs. Milligan, organist of St. George's
Church, London West, presided at the instrument during the evening.

The sugar question-"How many lumps? This is the glorious season of the year en you wear an overcoat one day, a thin t the second, a porous plaster the third, and a doctor's bill the fourth.

THE TILBURY TRAGEDY.

Arrest of a Man at Carberry on the Charge of Killing Holton at Tilbury, Center.

WINIPEG, March 6.—At Carberry yesterday a man named McDuff was arrested, charged with the murder of Holton, at Tilbury, Kent county, Ont., some time ago, and for which Benjamin M. McMahon was sentenced to death, and later reprieved to imprisonment for life. The prisoner answers the description given in almost every particular. He evaded all the villages and towns along the line, stopping with farmers. He was arrested outside of town. The constables believe they have the right man and will take him to Portage la Prairie. la Prairie.

secretary and treasurer [as published in yesterday's ADVERTISER] were highly gratifying, showing a great increase of traces of missions. Several were branches had lately been organized and the Treasurer reported an increase of more than \$500 in money which had passed through her books. There had been a proportionate increase in the value of the bales sent to missionaries over those sent last year. Three very interesting papers were read as follows: "Incentives to missionary work," by Mrs. J. T. Wright, of London." Mission work," by Mrs. J. T. Wright, of London." Mission work," by Mrs. J. T. Wright, of London." Mission work," by Mrs. J. The work in the books. There had been a proportion to the United States, of the London of the United States, of the Diocese of Huron. She gave a most interesting and instructive address.

A largely attended and spirited mission ary meeting was held in the Victoria Hail hast evening under the auspices of the association. The Bishop of Huron presided at the meeting, and on the platical Canons Davis, Hicks. The college of the Smith, and Reva. Hi. Mackenzie, Sage, Will Bishop in opening the meeting expressed his pleasure at the interest which was manifest in the work of domestic and foreign missions.

Rev. Mr. Dewdney, rector of the Trinity Church, Durham, was called on to speak on the subject of 'Domestic Missions." He divided his subject into two parts. The Northwest was at the town of the province of Outario. Developed the province of Outario between the province of Outario between the province of Outario, between the province

in the mission field. Her work had been confined very much to the Western Indian missions in Dakota. Of these people she related some very interesting stories illustrative of their eagerness to do something themselves to help the people of heathen lands and bring them out of the there were themselves found years ago. The speaker felt confident that the time was surely coming when all the world would own Christ as the Messiah because it was stated so in the Bible.

While the collection was being taken up (which was a very liberal one) Rev. Canon (and the value of goods sent were \$1,141.36, and the value of goods sent were \$1,141.36, and the value of goods sent were \$1,763.30, an increase of \$821.94, or 54½ per cent., and of goods, \$3,685.62, or an increase of \$821.94, or 54½ per cent., and of goods, \$3,685.62, or an increase of \$823.306—or a total increase in cash and goods of \$1,475.

Rev. Mr. Mackenzie, Brantford, was asked to address the meeting, but was excused at his own request owing to the latences of the hour.

A hearty vote of thanks was tendered to the speakers at the close of the second reading of human activity, and the value of goods sent ton.

Notwithstanding the combined efforts of jealous rivals to put as under, we are out on top as usual, Look at the record for 1889. Policies issued for nearly \$3.500,000. Not bad for a young company, you will say. True, it took some of the old fogies 10 years to write up the same amount. Why, we declined more applications last year than some of the other companies wrote up altogether. How do we account for it, you say. Well, we have plans to suit everybody. Our premium rates are as low as any other company. Our policy is the most liberal, being nearly unconditional; almost a simple promise to pay at death or maturity, as the case may be. The policy-holders are entirely free from all liability; but are, nevertheless, allowed to participate in the control of the Company's affairs and to monopolize nine-tenths (9-10) of the profits of the business. Each policy-holder has one vote for every \$1.000 of insurance held by him in this Company. These privileges are secured by the act of incorporation.
