A Handsome Paint

One special reason why "English" Liquid Paint gives your house such a handsome finish is because the 70% pure white lead used in its manufacture is Brandram's B. B. Genuine White Lead. This lead, ever since it was first manufactured, over one-hundred years ago, has been standard of the lead trade and commanded the highest lead prices.

Yet "English" Liquid Paint is not an extravagant paint -it is the most economical paint you can use. Made by Brandram-Henderson Limited, in 45 handsome shades, in addition to black and white.
