

(Established in 1878).
The News-Record is published every afternoon (holidays and Sundays excepted) at 49 West King St., Kitchener (Berlin) Ont., by its proprietor, The News-Record, Limited.
Subscription prices, \$4.00 a year when paid in advance and \$5.00 per annum when not so paid.
By mail to any address in Canada, Great Britain or the United States, \$5.00 per annum, invariably in advance.
Advertising Rates furnished on application.

THE HYDRO BY-LAW

By large majorities the property owners of this city and the town of Waterloo passed the Hydro By-law, whereby expressing their approval of the project to develop the Chippewa Power Canal. With one negligible exception—Goderich—all the power municipalities which voted on the by-law carried it by substantial majorities.

The undersigned given the by-law has a double significance. It expressed the conviction that it is the part of wisdom to provide an ample supply of power with which to meet the fast-growing demands of the municipalities. Also that it distribute it then to buy it from a private corporation and distribute it. In the end this will mean cheaper power to the municipalities and the consumers as the development of power will save anywhere from \$4.00 to \$7.00 per kilowatt.

The second significant point is that Hydro power municipalities have by their votes expressed their desire to have the Hydro Electric Commission undertake the Chippewa Creek power development, as a municipal undertaking, instead of by the Provincial Government.

Were they to have been indifferent on this point, the Provincial Government probably would have proceeded with the development, setting up a second establishment and selling the product to the municipalities through their Central Commission. Governments come and go, but one that would be unfriendly to public ownership and champion the power monopoly. It is vastly better to have the municipalities develop the power for themselves, to own the plant and to control its distribution, since they always will remain in use.

THE NATIONAL SERVICE REPORT

This week a registration of the man power of the Dominion is being taken, by means of reports on cards supplied by the Post Office authorities.

These cards have been placed in the hands of every man between the ages of 16 and 65. They contain 24 questions, every answer is requested to answer.

The purpose of national registration is to discover what people are available for different kinds of work. These who know the situation best declare that if a victory is to be won we must put into the effort every ounce of strength and every dollar beyond actual necessities.

The authorities require to know what they can count upon. There is a dearth of latent power in the Dominion but it has not been co-ordinated. There are thousands of persons in Canada who are only waiting to be told how they can help in one direction or another.

When registration has been completed, the right person can be used to do the right thing.

The filling in of these cards has been made obligatory on the part of the man on the card and to return them to the postmen or to the post office as circumstances make it necessary.

Send the card in the envelope accompanying it. It is not necessary to place a postage stamp on it.

BY THE WAY

The communication from "A Taxpayer" of Waterloo on the Snider Pond by-law, in effect for Saturday's edition, did not reach us until Tuesday morning when it was too late for publication.

A SMILE OR TWO

Sure Thing.
"Do you think that the automobile will displace the horse?" asked the conversational young woman.
"If will" answered the nervous young man as he gazed down the road, "if it ever hits him!"

Didn't Need It.

The farm hands were taking turns at the pump for their morning wash. All scrubbed off except the new man. "Joe" said the boss, "aren't you going to washup this morning?" "Shucks," was the reply. "It don't make me dirty to sleep."

Cynical.

"This story says: 'The song died on her lips.'"
"Oh, she probably murdered it!" (Boston Transcript)

Heroic Treatment.

"The doctor has prescribed physical exercise for Reggie."
"My word, old top! Has he joined a gym?"
"No. He's discharged his valet and is learning to dress himself." (Browning's Magazine)

Mrs. Vivian Gilmore, 33, of Memphis, Tenn., passed through Windsor on her way to Quebec, to become the bride of Quartermaster-Sergeant John Wallace, whom she has never seen. The engagement was brought about by a friend.

At the request of Goderich it was definitely established that Austin Church has been trampled to death by a horse and the coroner commented severely on the lack of charity that prompted neighbors to entertain any suspicion.

Letters to News Record

Editor, The News Record,
Kitchener, Ont.

My attention has been called to a news item concerning the winnings of Kitchener Postmen in the Galt Poultry Show which appeared in an issue of The News Record during the week of Nov. 17. Will you kindly publish our statement of the case?

One statement in the article referred to was to the effect that Mr. Martin Mikol having won the Galt Poultry Show which appeared in an issue of The News Record during the week of Nov. 17. Will you kindly publish our statement of the case?

The article further states: "The awarding of a fourth prize which was not on the prize list brought a Galt man up and slightly above Mr. C. H. Jaazen, who was in the lead for the cup." This sentence contains two untruths and one half-truth which, you must admit, is going some. Our prize list certainly did provide for the awarding of a fourth prize; what did not provide for was the number of prizes a fourth prize was to count. Our committee met the first night of the show and decided that a fourth prize counted one point. It was not a Galt man who beat Mr. Jaazen out for the cup, but a Paris exhibitor, Mr. Jaazen, beat the Galt man in the lead for the cup prize, he and Mr. Howard were a tie. If Mr. Howard's fourth prize was not counted, when the committee decided one point went with every fourth prize, Mr. Howard has a single point lead on Mr. Jaazen and consequently won the cup. Furthermore, the judge, to whom the decision in all the cases of this nature is left, said Mr. Howard's winning male bird carried his collection through for the cup. The committee and the judge, independent of each other, arrived at the same decision. That's ought to satisfy pretty nearly anyone.

Respectfully,
Arthur L. Philp, Pres.,
Galt Poultry and Pet Stock Assn.,
35 South Street,
Galt, Ont.

FALSE REPORTS CONCERNING CITY

The News Record,
Dear Sir:

It is not about time our citizens generally issue a determined protest against the unfair lying reports on outside papers furnished by some local correspondents to the permanent injury of our distracted city.

EXPLANATION RE WATER BILLS

Editor, News Record:

Will you kindly allow me to explain to the public that the sending out of the water bills with the name "Berlin" was not intentional, these bills were all printed long before the name was changed. On Friday night after all the bills were completed and stamped ready for the Post Office it occurred to me that the name "Kitchener" had not been stamped on them. I went to the office early on Saturday morning and stamped all the envelopes "Kitchener" which was the best we could do at that late date and get the bills out on time.

Thanking you for your valuable space.

Putting Punch in Preparedness is not a question of guns and shells alone—it is a question of men—and you have to build men out of food. Be prepared for the critical moments in life by eating Shredded Wheat, a food that supplies the greatest amount of muscle-building material with the least tax on the digestive organs. For breakfast with milk or cream or fruits.

—it is a question of men—and you have to build men out of food. Be prepared for the critical moments in life by eating Shredded Wheat, a food that supplies the greatest amount of muscle-building material with the least tax on the digestive organs. For breakfast with milk or cream or fruits.

ELMIRA EVENTS

Elmira citizens again showed the kind of stuff they're made of by endorsing the Hydro vote on Monday, 190 in favor with only 3 votes against.

The first game of Junior O.H.A. Hockey was pulled off here on Friday evening between Stratford and our boys. The game was in parts very interesting both sides having players who displayed skill and who have the makings of good hockey players. The score was 2-2 at the end of 2nd period and with 5 minutes each way overtime our boys pulled off a goal in first overtime but a second overtime Stratford had landed 2 goals when the bell rang, giving the visitors the game 4-3.

With a few more games our boys will greatly improve, and we hope they may come out victorious in the finish. The start was such that they need not be discouraged.
