SOME GRAYS' RIGHTS CONCERNING JOHN BEAULIEGH'S CASE.

Then again, when a couple of jurors went to retire for a few minutes from the jury room, it is rumored that the constable purposely took them through a room where Mrs. Beauliegh and her little girl were sitting and while there the child caught hold of one of the constable's "Please let my papa come home to-night."

These rumors may or may not be true, but the development of justice they demand immediate investigation by the court house authorities. Beauliegh has a questionable character and it is not surprising that yesterday taken to Niagara Falls, Ont., where he is wanted to answer an other confederate charge.

THE PULPWOOD PLOT.

THE COMMISSIONER REPORT BUYING, MEAS & CO. GUILTY OF CONSPIRACY.

The gist of the Commissioner's Finding—Promises of a Lively Debate Over the Report.

The motions yesterday lasted just three minutes and a quarter, being devoted almost entirely to routine business. Previous to the opening of the door Messenger Kennedy was beset by a party of moralists, who were very anxious to hear the speaker read prayers—the pious request was of course inexorably refused.

Mr. Mason, of the firm of Mason & Rice, on being interviewed in the matter, said: "I look upon the fence as a great eyesore and obstacle. I am always in favor of putting up with inconveniences as no work is going on. My plan is to build at present, the thing is nothing more or less than a nuisance. It is very frequently over the heads of pedestrians, and it is a nuisance to the farmers. At all events, the fence should be kept clear of snow and not in its present dangerous condition."

THE MAYOR'S FENCE MUST GO.

It is dubbed a nuisance by Leading King Street Merchants.

If the newly elected mayor desires to cater to the wishes of the merchants on King street, especially those between Kings and Bay, he will order Commissioner Caspary to have that ugly fence in front of his new building taken away, or at least moved back to the inner edge of the sidewalk.
