NEW YORK, May 26.-Hanlan telegraphy that no offer will induce Beach to come to America. Hanlan says he will enter the International single scull race for a purse of \$5000 given by R. K. For to be rowed in August, the race to take place in the vicinity of New York.

The Championship Lacrosse Series. On Saturday next the championship facrosse season commences with a match on the Rosedale grounds between the Torontos and the Montrealers and another at Montreal between the Ontarios and the Shamrocks. In their contest on Monday Shamrocks. In their contest on Monday with the Caughnawagas the Torontos did fairly well for a scratch match, but if they want to win the championship they will have to do much better. Their play gen-erally exhibited a decided want of practice. However, on Monday it is to be hoped they will have the help of Charley McHenry, Watty Bonnell, John Drynan and Ted. Smith, all of whom were unable to play on Monday, and with these in good shape they may be able to make a stand, if not to win, against the Montrealers, whom, report has it, are stronger than ever this report has it, are stronger than ever this year. Practice, boys, is the only thing that will do the trick. From the Ontareport has it, are stronger than ever this year. Practice, boys, is the only thing that will do the trick. From the Onta-rios there are great expectations. They have been working hard and diligently and in spite of the fact that they will have the hardest club in the association to tackle, their friends will be sadly disap-pointed if they do not cover themselves with glory. Their defence is in capital trim but we fear that the weakness of both the Toronto clubs is their goal. Time will tell whether the supposition is right or wrong and The World trusts that it is the latter. The Terente Baseball Club.

The Toponto Baseball Club.

The directorate of the Toronto baseball club held a meeting in the Rossin house last night, Ald. Hunter presiding. A four-hour session was held, during which ways, means and subjects referring to the general management were fully discussed. Harry Spence, a gentleman well-known in this city, and who has filled various places on the diamond during the course of a long California

on the diamonal during the course of a long and hardworking connection with it, was appointed manager at a liberal salary and given full liberty regarding the engagement and control of players. By Saturday he expects to be able to announce that he has becaused a pine not only second to more in An accident of a shocking character An accident of a shocking character occurred recently on the Halesowen, Eng., cricket club ground, on the occasion of the opening match. They will probably use the ground-sceently secured by the Ontario lacrosse club at the back of University college. As a first step the club has done well in securing Mr. Spence, under whose able management The World feels justified in prophesying a career of unqualified suc-cess. Peter Ryan and R. M.
