The Wanderers' Bicycle Club will hold creasing in population, while the corresponding towns on the Canadian side were diminishing. With respect to the Canadian in Statistics the committee naively say "we were informed." Wonder who was the informative Was it Sir Richard? The informative Bars all the earth marks of the Worfall Knight. One thing we do admire about the committee. In all likelihood both political parties were represented to not appear for party: purposes to have turned dog on their own country to find nothing but evil therein. We know that they could discover material in Ogdensburg and Oswego to hang a blue ruin report on, but they didn't. Our Liberal friends will please observe that. We would, however,

It is both a rural and an urban constituency, so that neither the set that is ordinarily used in the country nor that used in the cities will suit in this particular case. The party cobbler will have to be set to work to put the city vamp on the country sole, and if the roads are not bad the shoes may do. Of course new shoes are proverbially liable to chafe, and if they do they grand old party will come in dead lame.

Who Will Take the Initiative? Editor World: General regret will be felt,

Severe colds, are easily cured by the use of Bickle's Anti-Consumptive Syrup, a medicine of extraordinary penetrating and healing properties. It is acknowledged by those who have used it as being the best medicine sold for coughs, colds, inflammation of the lungs, and all affections of the throat and chest. Its agreeableness to the taste makes it a favorite with ladies and children.

Mr. John McCarthy, Toronto, writes: "I can unbesitatingly say that Northrop & Lyman's Vegetable Discovery is the best medicine in the corid. It cured me of Heartburn that troubled me for over thirty years. During that time I tried a great many different medicines, but this wonderful medicine was the only one that took was and rooted out the disease."

The Wanderers' Program.

The shareholders of the Confederation Life held their 20th annual meeting on April 26. The report presented was a full exhibit of the affairs of the association, and indicated rapid and substantial progress during the year. The premium income for the year showed an increase of nearly \$80,000 and the total receipts footed up to \$872,547. The death claims were a little larger than usual. It is gratifying to notice an increase in the assets of over \$355,000, which is a sure indication of the isteady and solid progress of the company's business.

Y.M.C.A. Athletic Night. An exhibition of competitive gymnastics was given last night in the gymnasium by Editor World; General regret will be felty especially in musical circles, that Mr. Thomas Hurst has decided to leave Torontot in a few weeks and return to England. The proposal to tender him a complimentary concert on the eve of his departure will meet with general favor. I endorse it most heartily and will be glad to act on the committee or assist in any way in my power to make the event the success it deserves to be. I would suggest an informal meeting of a number of Mr. Hurst's old friends at an early day to name a committee and take definite action. Who will take the initiative?

EVERY MARKET HAS A LEVEL well known by the people doing business in it. There is a level every day to the gold market and in bank and other stocks. There is always a level at the Board of Trade for the grain market, and so on down the whole range of trade and commerce. But a solid market level for real estate is not so easy to get at, owing somewhat to the recent crazy "boom." Quoting prices for property away above market level is the biggest mistake in the business.
