Turkey. Will Give In.

London, June 3.—The Daily News publishes a despatch from Constantinople, saying that Said Pasha, Turkish Foreign Minister, on Friday promised the British Ambassador, Sir Philip Currie, to reply before the Bairam festival to the proposals made by Great Britain, Russia and France, for a reform of the Turkish and have recommended it to all administration of the Armenian provinces. It is expected that the provance of the great virtue in cases of severe bronchitis and incipient consumption,"

ITISIMPORTANT A KICK FROM THE ANTIPODES Down Salaries Causes Friction in London.

London, June 2.—Harold Frederick infantile insurance, which is forcing cables: During the next few years it itself upon the consideration of Legis-is apparent that the existing relations latures in several States, has led to a between England and her Australasian thorough report upon the European colonies will be subjected to a very se-vere strain, unless some intelligent young children, which has just reached steps are taken to relieve the growing the State Department from Dr. Chan-Trusts Corporation tension. One of the most obvious grievances of this group of dependenties who has given considerable study to the subject. It has been asserted perpendenties of which there are six with cles is the matter of Colonial Governorships, of which there are six, with a total pay roll amounting to three times the salary of the American President, not to mention rent and living expenses, all borne by the colonies. These fat posts are invariably given to replace the matter of Colonial Governorships, of which the subject. It has been asserted perhaps rashly thinks Dr. Chancellor, that the deaths of a large number of infants in England and France are due to their being insured, or, in other words, that children are deliberately murdered for insurance money. In France a bonus replacement of the subject. It has been asserted perhaps rashly thinks Dr. Chancellor, that the deaths of a large number of infants in England and France are due to their being insured, or, in other words, that the deaths of a large number of infants in England and France are due to their being insured, or, in other words, that the deaths of a large number of infants in England and France are due to their being insured, or, in other words, that the deaths of a large number of infants in England and France are due to their being insured, or, in other words, that the deaths of a large number of infants in England and France are due to their being insured, or, in other words, that the deaths of a large number of infants in England and France are due to their being insured, or, in other words, that the deaths of a large number of infants in England and France are due to their being insured, or, in other words, that the deaths of a large number of infants in England and France are due to their being insured, or, in other words, that the deaths of a large number of infants in England and France are due to their being insured, or, in other words, the deaths of a large number of infants in England and France are due to their being insured, or, in other words, the deaths of a large number of infants in England and France are due to their being insured, or, in other words, the deaths of a large number of infants in England and France are due to oblemen or to important politicians is paid by some municipalities to mohere, strictly in reward for partisan there of illegitimate children to prevent,

Occasionally one of them happens to
make his mark in the colony, but this
is by no means the rule. Latterly, indeed, they have grown in the habit of
But no restriction whatever seems to deed, they have grown in the habit of spending only a few months of the year under the Southern Cross. At the present moment only one is at his post, the rest either having resigned or are at home here on indefinite leave. The Colonial Parliaments are meeting this abuse by cutting down their salaries, which produces great friction with the Colonial Office.

But no restriction whatever seems to have been placed upon another and greater possible cause leading to the death of many infants, namely, that of gambling upon the survival of the child by insuring its life. That the insurance of infants may be a possible cause of their death can no longer be doubted. If parents are negligent of their child-ren under any circumstances, the fact

difficulty will be apparently, to merge these minor executives into a single Governor-General, as in Canada, and thus give an imperial lead in the direction of federation. Unless this or something else is done and done and done something else is done and done and done something else is thing else is done, and done soon, there in a very speedy manner if the child To Let - No. 6 CAWTHRA-SQUARE, threatens to be a genuine complication which will give the empire a sharp west from Jarvis; finest location in To-
