**Great Britain.**  
Glasgow, May 27.—Neil S. Ritchie reports still further advance in prices, and cattle very scarce. Prime steers, 10c.; current, 10c. to 10c.; bulls scarce and dear at 8c. for top price, current 8c. to 8c.; all per lb., live weight. Prospects are that prices will go higher.

Liverpool, May 27.—John Rogers & Co. report that with no fresh supplies there was no change in the market to-day, and Saturday's quotations may be repeated, viz: States and Canadian steers, 16c. to 17c. per lb.

### GOOD HEALTH FOR YOUNG GIRLS

They Need the New Blood Dr. Williams' Pink Pills Actually Make.

Perhaps you have noticed that your daughter in her "teens" has developed a fitful temper, is restless and excitable. That she complains of weakness and depression; feels tired out after a little exertion; appetite variable, complaints of headaches and is growing pale. In that case remember that the march of time is leading her on to womanhood, and that at this period a great responsibility rests upon mothers. These are symptoms of anaemia—that is bloodlessness, and no time should be lost in increasing and enriching the blood supply. Unhealthy girlhood almost always leads to unhealthy womanhood. All young girls in their teens need the help of Dr. Williams' Pink Pills, which enrich and increase the blood supply, and give sickly drooping girls the brightness and charm of perfect health. In proof of this Miss Zola Gordier, Morrisburg, Ont., says:—"I was pale and bloodless and suffered from many of the symptoms of anaemia. I would tire easily and suffered from frequent headaches. My appetite was poor and I was very pale and easily discouraged. The medicine I was taking did not seem to help me, and then one day I read the story of a young girl who suffered similarly and was cured through the use of Dr. Williams' Pink Pills. I got three boxes of the pills and started to take them. Before they were done I began to feel better and look better. Then I got half a dozen more boxes, and before they were all used I was enjoying the best of health, and have continued to do so since. My young brother was troubled with rheumatism and they completely

cured him."  
Dr. Williams' Pink Pills are sold by all medicine dealers or can be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### COMMUNICATIONS.

[We do not hold ourselves responsible for opinions expressed by correspondents.]

**MacDonald Park.**  
DEAR EDITOR:—Perhaps some of my friends in Watford know, and again perhaps some do not know, that I am a nurse-in-training at the Kingston General Hospital. But it is not about myself that I am writing but rather I wish to sketch for them a picture of a little corner of the world in which we live, a corner that several in Watford never, and will never see with their own eyes. I sometimes grow weary of work, and then I run away for an hour in the park on the banks of Lake Ontario. This park is a memorial of Sir John A. MacDonald. I am now sitting on a rock on the shore, the water less than six inches from my feet. Behind me is the park with its maples, lovely soft maples, with their red-green leaves. Before me the sheet of shining water. To my right I see two glistening sails, making a pretty picture on the blue-green water. The lighthouse, Snake Island and Amherst Island appear like ghosts in the haze that veils the distance. On the shore the penitentiary looms up, like a gloomy sentinel. Behind it the dome of Rockwood Asylum appears to nestle among the trees. And the hill that leads to these noble institutions is covered with golden blossoms. The blending of red and green in the treetops is lovely to behold. To my left is the tower on the hill, the pavilion on the shore, and then the broad stretch of water. Across the water Garden Island and Wolfe Island are lovely in their best spring garments, and ever the music of the birds singing, sweetly singing.

MARY M. SALISBURY.  
Kingston, May 28, 1912.

### Lambton Farms Wanted.

About Farm Labor Also.

A third list of farms for sale in Lambton County will be published by the Lambton Publicity and County Improvement Association on July 1. Farms that appeared on the previous list will appear on this list if request be sent the secretary before that date and price of farm stated. These lists will have wide circulation at the Canadian National Exposition, Toronto, and other places of concourse.

Those who have farms for sale will confer a favor by sending a full description, the price, the post office address of owner to the undersigned, in order that the parties inquiring may be brought into personal touch with those who have land to sell.

There will be no charge or commission of any kind, and the parties furnishing descriptions are not bound in any way. Give details as to the situation, acreage, roads, improvements, soil, distance from churches, schools, towns, railways, telephone service, etc., etc., that would be of interest to prospective purchasers at a distance. When sale of farm takes place, please notify the secretary so that it may be struck off the list. Parties offering large farms, suitable for fruit growing, would do well to offer them in lots of 15 to 50 acres; if for small fruits in even smaller lots. The Lambton Publicity and County Improvement Association exists for the purpose of advertising the agricultural advantages of and assisting to improve agricultural conditions in Lambton county, and for no other purposes. It consists largely of the members of the county council, and the expense of advertising is paid by the county.

The information is wanted for the purpose of placing a list of farms in the hands of those who wish to buy, and who have written in answer to general advertisements and descriptions of Lambton which have been published in the various newspapers of Canada, the United States and Britain.

The Association also wishes to find the demand for farm laborers in the county, with a view to supplying it. If interested answer these at once—

Do you want farm laborers? How many? What yearly wages? Married or single men? If married have you a house available in which he might live? Any suitable employment in your vicinity for grown-up sons or daughters he may have? When would you like term of work to begin?

Add any other information or remarks. Address all communications to  
R. STIRRETT, Petrolia,  
Secretary Lambton Publicity and County Improvement Association, m31-2t

### FOREST.

Forest, May 27.—Death has claimed an old resident of Bosanquet, in the person of Mrs. John Frayne, who for the past 3 years had made her home in town on Gore street, having left the old homestead. Mrs. Frayne had been ill with lung trouble since last July and she went to Florida to benefit her health, but the change did not help her. Mr. and Mrs. Frayne came home a few weeks ago and the patient gradually sank. Mrs. Frayne was in her fifty-fourth year and is survived by her husband, seven sons and two daughters, namely, Richard A., of Sarnia; Mrs. Hampton, Bosanquet; Abram, of Aberarder; Adam, of Sarnia; Ruben, of Bosanquet; Anson, of Bosanquet; Mrs. Head, of Forest; Gilbert, of Bosanquet; Orlo, at home. The funeral was held Tuesday afternoon from the family residence, Gore street, to Ravenswood cemetery. The six eldest sons acted as pallbearers. The funeral was conducted by Rev. A. J. Thomas, of Forest Methodist Church.

The 24th was celebrated here by a goody number. The boy scouts put on

the program for the day. In the morning there was a ball game between Sarnia and Forest, the former winning by a 4 to 12 score. Owing to the great amount of rain falling in the early part of the week all the sports had to be run off at the Old Boys' Park. In the afternoon two ball games were played, first by Parkhill scouts and Forest scouts. The score was in favor of the local scouts, 12 to 13. Then Sarnia and Forest played again, the score being in Sarnia's favor, 6 to 9. Afterwards the other events were run off for the smaller children and the tug of war between the senior scouts and the senior high school boys. In the evening a band concert was given in the new armories and a drawing contest was carried on.

### Hydro-Electric Power.

The Glencoe Transcript of May 16th has the following re Niagara power—"Representatives of the Hydro-Electric Commission were in Glencoe a few days ago, and were so well pleased with the prospects and encouragement given by manufacturers that they expressed themselves favorable to a scheme to make this a distributing point. The encouragement they received was stated to be better than some towns of over twice the size had given. The central situation of Glencoe, with its good railway connection, also appealed to them strongly. Extension of the hydro-electric system westward from London is to be undertaken in the early fall. A transmission line will, in all probability be run direct to Glencoe and Alvinston, Bothwell, Newbury and other surrounding places served from this point. The splendid facilities which Glencoe already affords—our splendid rail connections, good water and other advantages—will be greatly enhanced by the advent of Niagara power, and there is no reason why Glencoe should not become an important industrial centre. It is suggested that an industrial committee be appointed to take the matter up at once with the Hon. Adam Beck and press the matter forward."

Do the towns in Lambton propose to do their share of making the county prosperous and populous? We think their intentions are good, barring a tendency toward slowness, which is apparently hard to shake off. The great St. Clair waterway runs along one of our County boundary lines, and we have good railroad shipping facilities, yet, in order to compete successfully with other progressive manufacturing centres, we lack something as important as transportation, and that is hydro-electric power, at a reasonable cost.—Petrolia Advertiser.

While taking a stroll over Mr. Thos. Powrie's farm last Sunday, Mr. Oliver, of Ennisville, discovered a new species of mouse. It is of the same shape as a kangaroo, very short fore legs and long hind legs. The under portion of its body is white, while its back is a light brown, and unlike the common mouse, it leaps instead of running.

## NEW SPRING SUITINGS

Our stock is complete with all the latest and up-to-date Styles and Shades.  
Come and see what Watford's best dressed men will wear this season. We also handle Randall & Johnston's Ready-to-wear Clothing, one of the best designed garments in the market.

### DARK ROOM TESTING

Every child on reaching the age of seven years should have the eyes examined. Many children have defective vision, and it often happens that one eye only is affected. This throws all the work on the better eye while the other through disuse frequently loses its function entirely. With proper lense correction this trouble will be wholly overcome. If accompanied by parents we will be glad to examine children's eyes free of charge.
