Woman Is As Old As She Looks

No woman wants to look old. Many in their effort to look youthful resort to the "beauty doctor's" prescriptions. Their mistake is that they visit the wrong department in the drug store. Beauty depends upon health.

Worry, sleepless nights, headaches, pains, disorders, irregularities and weaknesses of a distinctly feminine character in a short time bring the dull eyes, the "crow's feet," the haggard look, drooping shoulders, and the faltering step.

To retain the appearance of youth you must retain health. Instead of lotions, powders and paints, ask your druggist for

DR. PIERCE'S Favorite Prescription

This famous medicine strikes at the very root of these enemies of your youthful appearance. It makes you not only look young, but feel young.

Your druggist can supply you in liquid or tablet form and send 50 one-cent stamps to Dr. Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N.Y. and trial box will be mailed you.

Co-Operative Egg Circles

An important part of the poultry work of the Live Stock Branch of the Department of Agriculture, during the past year has been the organization of Co-operative Egg Circles. Ten circles in all have been organized under the auspices of the Branch, working in conjunction with the provincial and agricultural college authorities and the Poultry Producers' Association of Canada. The preliminary work in connection with a number of others has been done, and from present indications it is apparent that this phase of co-operative work is likely to have a rapid growth in the near future.

Being primarily concerned with the improvement of the Canadian Egg Trade the Live Stock Branch has encouraged the formation of these circles because the movement affords a means whereby the quality of eggs can be improved as they leave the farm, and the pernicious practice of holding eggs both on the farm and in the country store largely eliminated. Co-operative effort of this kind also affords a medium whereby the eggs in any given community may be collected and marketed frequently and regularly, and insures to the consumer a new-laid egg of uniform quality at no great increase in cost.

At the time of joining the association the members agree to stamp each egg with a given number designated by the Board of Directors. This is done so that the eggs of each member may be identified when graded and payment made according to quality.

A manager is appointed by the Board of Directors, whose business it is to collect, grade, sell the eggs and apportion the returns among the members according to the quantity and quality received. In most circles the eggs from each farm are collected at stated intervals, but in others the members deliver the eggs to some central point such as creamery, cheese factory, store or house, from which the manager makes the shipment.

It is well known that at certain seasons of the year there is a wide difference between the price received for eggs by the farmer in the country store and the price paid by the consumer in the city. This difference is not nearly so marked in the spring of the year as it is in the late summer, fall and winter. In other words, as the quality of ordinary farm eggs becomes more uncertain, the premium placed on new-laid circle eggs increases. While during the spring of the year prices received by circle members may not greatly exceed those paid in the local store, it is a fact that for the eggs produced in the month of December last year the majority of circles in the provinces of Ontario and Quebec received a price of from 45 to 50 cents a dozen.

A limited number of circles will no doubt be able to take advantage of the rapidly growing select trade in the larger Canadian cities, but from the fact that the wholesale egg dealers in Ontario and Quebec have recently adopted a new system of buying on a basis of quality, it is likely that the product of the majority of circles will find its way to the consumer through the more recently established channels of trade.

The Live Stock Branch stands ready and willing to help on the Egg Circle movement in every possible way. Officers of this Branch are now in the field, and there is available a quantity of literature, including outlines of constitutions by-law, etc., dealing with the work, copies of which may be obtained upon request from the Live Stock Commissioner, Ottawa.

He had stolen a lock of her golden hair And alone in his room he kissed it; But he had naught on the maiden there; For alone in her room she missed it.

"That boob has been clipping my switch!" she said.

Then giggled, and spoke: "To think That lock that he fancies once grew on my head Came off of the bean of a Chink!"

ANGER FROM GRIPPE

Lies in That Cough and Weak, Worn-out Condition.

Grippe, pleurisy, pneumonia, these are greatly to be feared at this time of the year.

To prevent grippe from being followed by either pleurisy or pneumonia, it is important to drive the last traces of it out of the system quickly.

Our advice is to take Vinol, our delicious cod liver and iron preparation without oil, and get your strength and vitality back quickly.

Mrs. A. A. Grabbit, of Strasburg, Va. says: "Grippe left me weak, run down and with a severe cough, from which I suffered four years. I tried different remedies, but nothing seemed to do me any good until I took Vinol, from which I received great benefit. My cough is almost entirely gone, and I am strong and well again, and I am glad to recommend Vinol to others who suffer as I did."

Try Vinol with the certainty that if it does not benefit you we will give back your money.

We're All A-Fishin'

BY FRANK R. LEET

Pop sez that this world we live in Is one big fishin' pond An' we've all been fishin' fer somethin' Since th' time the first day dawned.

He sez some are fishin' fer trouble An' others are fishin' fer fame, An' the banks of life are alive with girls A-fishin' to change their names.

He sez the grafters are fishing' fer suck-ers, Newly weds are fishin' fer bliss, Ministers are fishin' fer souls to save, The lover to hook a kjs.

He sez the vain ones are fishin' fer compliments, The bums are fishin' fer booze, The nabobs are fishin' fer diamonds and things, The poor fer food and shoes.

He sez that we're at it all of the time, A-fishin' fer what we wish, So wen I'm not really a-fishin' fer fish, I'm fishin' to fish fer fish.

 Guard—"Well, sir, the train in front was behind, and this train was behind before besides."

Sandy was an elder in the church and a truly pious man. He had an eye for beauty and a love for it, but he married Tina because he knew she would make him an excellent wife.

"I suppose Tina is a handsome lass?" said Sandy's cousin, who met him in Glasgow not long after the marriage, and had never seen the bride. "I ken ye've gud taste, Sandy."

"Awell," said the bridegroom, cautiously, "she's the Lord's handiwork, Tammas. I'm no' prepared to say she is His masterpiece."

"I say old man, I need fifty dollars badly and haven't the least idea where to get it."
 "Glad to hear it. I thought perhaps you had an idea you could borrow it from me."

In China when the subscriber rings up the exchange, the operator may be expected to ask:
 "Hohi, two—three."
 Silence. Then the exchange resumes.
 "Will the honorable person graciously forgive the inadequacy of the insignificant service and permit this humble slave of the wire to inform him that the never-to-be sufficiently-censured line is busy."

"Mother, did you learn to cook before you got married?"
 "I did not. I married first. There's no use learning a trade until you know that you're going to need it."

A thoughtful old Scotchman exhorted his daughter thus: "Jeanie, my lass, it's a vera solemn thing to be married?"
 "I ken that weel father," replied Jeanie promptly: "but it's a great deal solemn-er not to be."

Clarence—"Why don't you keep something for a rainy day?"
 Clara—"Don't be silly, dear. Haven't I the prettiest raincoat and umbrella you ever saw?"
