

THIS WOMAN'S SICKNESS

Quickly Yielded To Lydia E. Pinkham's Vegetable Compound.

Baltimore, Md. — "I am more than glad to tell what Lydia E. Pinkham's Vegetable Compound did for me. I suffered dreadful pains and was very irregular. I became alarmed and sent for Lydia E. Pinkham's Vegetable Compound. I took it regularly until I was without a cramp or pain and felt like another person, and it has now been six months since I took any medicine at all. I hope my little note will assist you in helping other women. I now feel perfectly well and in the best of health." — Mrs. AUGUST W. KONDNER, 1622 Hollis Street, Baltimore, Md.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

NOTE AND COMMENT.

The most remarkable man alive today is generally admitted to be Thomas A. Edison—and there are people who will be quite horrified at learning that he chews tobacco.

A life insurance expert states that the woman who takes out an endowment policy lives longer than one who has to die to win. She simply makes up her mind to realize on the investment and calmly awaits its maturity.

The average speech in the imperial parliament is less than half an hour. The average speech in the Canadian parliament is at least five times that long. Canadian public affairs would be in much better condition if the members did not make such long speeches.

The spring edition of the telephone directory of New York just printed has 920 pages and contains the names of more than 314,000 subscribers, an increase of 900 over the number in the winter edition. The calls number 2,100,000 a day. New York has more telephones than any

other city.
A bill before the House reads:—"A bylaw passed by a Council of a county under the provisions of section 416 shall whether the same is mentioned or not, cover and include the boundary line or highway between such county and an adjoining county and a sale made on said boundary line or highway to a resident of a county in which such bylaw is in force shall be and constitute a breach of such bylaw in the same manner and with like consequences and effect as if made wholly within the said county."

John Barleycorn is to be banished from the U. S. Navy and Army. Secretary of the Navy Daniel has signed an order which absolutely prohibits the use or introduction of alcoholic liquor upon any vessel of the navy, or within the confines of any navy yard or shore station. This order, issued on Monday to the service, will become effective July 1, 1914. Besides abolishing what is known as the officers' wine mess, on board ship, and the sale of liquor at the officers' clubs on shore, Mr. Daniel's order is so sweeping as practically to enforce total abstinence upon naval officers for extended periods. It will henceforth be a violation of this order for an officer or guest upon any naval vessel to have in his possession any alcoholic beverage. Officers living on shore will be prohibited from having any liquor in their private homes if their duties require residence on naval reservations. Wives of officers so situated will be prohibited from serving punches or any other form of liquor at their social functions. Commanding officers, by the terms of the order, are made personally responsible for its enforcement.

FOOLISH TO SUFFER FROM STOMACH ILLS

What's the use of suffering from heartburn and the other disagreeable things caused by Dyspepsia and Indigestion, when we offer you the privilege of using small Dyspepsia Tablets entirely at our risk, with the distinct understanding that, if they don't relieve your stomach trouble and your digestion easy, they will cost you nothing. If they don't do all you expect them to, we won't let you tell us and let us give back your money. We know what they have done for others, and what they are made of. That is why we have confidence in them.

Among other things, they contain Pepsin and Bismuth, two of the greatest digestive aids known to medical science. They soothe and comfort the stomach, relieve heartburn and distress, promote the secretion of gastric juices and help make the bowels regular. We believe them to be by all odds the best remedy for indigestion or dyspepsia ever made. We believe you will say so, too, once you have used them. If you don't they will cost you nothing. Sold only at the more than 7,000 Rexall Stores, and in this town only at our store. Three sizes, 25c, 50c and \$1.00.

T. W. McLAREN, Watford.

Varieties of Grain Crops to Grow
For twenty-six years the Dominion Experimental Farms have been experimenting with grain crops at the various Farms and Stations distributed over Canada trying to learn which varieties give best results in the different provinces. Not only have the best known sorts produced at other places been grown side by side but at the Central Farm at Ottawa new varieties have been bred, and when found desirable, perpetuated and distributed to growers.

For the information of the Canadian farmer the more important results of the season of 1913 at the different Farms have been put together in summarized form and issued in Bulletin No. 74. There are included in this some recommendations as to varieties to grow and methods of production to follow that should prove of great service to growers in all parts of Canada.

Referring to "Marquis" wheat which was bred at Ottawa, the bulletin says:—"Marquis produces very large crops, has usually good straw and is more resistant to rust than most of the common varieties." A large edition of this bulletin has been printed so that all who desire copies may secure them by applying to the Publications Branch, Department of Agriculture at Ottawa.

It is no disgrace to be mistaken; it is a crime to be a hypocrite. That is the sin against light—the worst of all.

Children Cry FOR FLETCHER'S CASTORIA

Canada's "Great Man."

The Northamptonshire Eng. Telegraph of March 10th says:—"Mr. John Farrell, Canada's 'great man' will be visiting Watford on Wednesday and Thursday next. Mr. Farrell's mission is to tour through England gathering together a party of men and women who he judges would make good and successful settlers in Ontario, and eventually to take them out and place them in positions where they will have an opportunity of showing what they can do. At all the points throughout the country at which Mr. Farrell establishes himself for a day or two he arranges personal interviews with intending emigrants, seeing every one denying no one. In these interviews he sifts the wheat of those likely to be successful from the chaff who are not likely to get on in Canada, and his parties thus consists of picked men and women. For 15 years, or thereabouts Mr. Farrell's judgment has been abundantly justified. Of the parties that he has taken out in that time, 85 per cent has proved successful, and of the unsuccessful 5 per cent, a considerable proportion has not proved utter failures, but have only done comparatively badly."

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

A Linguist and the Bible

Sir William Jones, familiar with the languages of twenty-eight nations, wrote: "I have carefully and regularly perused the Scriptures, and am of the opinion that the Bible, independent of its origin as divine, contains more important history and finer strains of eloquence than can be collected from all other books in whatsoever language they may be written."

To the Bible men will return, and why? Because they cannot do without it.—Matthew Arnold.

AN OIL WITHOUT ALCOHOL.—Some oils and many medicines have alcohol as a prominent ingredient. A judicious mingling of six essential oils compose the famous Dr. Thomas' Electric Oil, and there is no alcohol in it, so that its effects are lasting. There is no medicinal oil compounded that can equal this oil in its preventive and healing power.

You will like the rich strength and full flavor.

Red Rose Tea "is good tea"

Children Leave School Too Soon

In an address before the College and High School section of the Ontario Educational Association, Dr. F. W. Merchant, B. A., dealt with the question of State-controlled education. So far as organization was concerned, he said, the schools in Canada compared satisfactorily with those elsewhere, but organization was not everything, and unless the attendance was satisfactory, failure was bound to result.

From thirty-five to forty per cent of the children dropped out of school before admission to the fourth form, and from eighty to eighty-five per cent did not reach entrance examination standing. The two chief causes responsible were irregularity of attendance, and the fact that, in the lower grades, the pupils did not get a fair share of the teacher's time and attention, the first cause applying mainly to rural, and the second to urban schools.

It was imperative that a child should have the solid foundation of thorough elementary training. Managers of industry asked for a better elementary training in English and mathematics. At the present time there were no agencies adequately organized to give the youth a training in trade or in the elements of technology, the need of which was greatly experienced by manufacturers.

GUARANTEED RELIEF FROM ALL BOWEL ILLS

If your bowels are out of order, instead of using some harsh salt or other physic, take a Rexall Orderly tonight, and tomorrow you will feel great. They taste good and act so easily that there isn't a particle of griping or purging, nor the excessive looseness that follows the taking of salts and most pills. They soothe and strengthen the bowels, promptly relieving the constipation, making it unlikely to occur again.

We don't believe there is any other bowel remedy anywhere near as good, and at the same time so easy and pleasant to take as Rexall Orderlies. We know you will agree with us and believe you will thank us for telling you about them. If they don't satisfy you in every way, come back and tell us and we will give back your money without a word or question. You have no reason to hesitate when we give you the opportunity, as we hereby do, to try them at our risk. In vest pocket tin boxes 75c, 25c, 50c. You can buy Rexall Orderlies only at the Rexall Stores, and in this town only at—

Spearman—Hargin

Petrolia, April 16.—A quiet wedding was celebrated today when Miss Irene Spearman, East End, and Mr. Robert Hargin, sixth line of Ennisville, were united in marriage. Rev. H. D. Moyer performed the ceremony at the Methodist parsonage, Miss G. Stevens, sister of the groom, stood up with the couple. They left tonight for Detroit, on a honeymoon, after which they will return to their home on the sixth line.

Attacked by Asthma.—The first fearful sensation is of suffocation, which hour by hour becomes more desperate and hopeless. To such a case the relief afforded by Dr. J. D. Kellogg's Asthma Remedy seems nothing less than miraculous. Its help is quick and apparent and the dreadful attack is mastered. The asthmatic who has found out the dependability of this sterling remedy will never be without it. It is sold everywhere.

When through old age the bodily functions become sluggish, Na-Dru-Co Laxatives give gentle, timely and effective aid, without discomfort or distress.
