

miserable lot, no prizes awarded in hen class.

DRAGOONS were a good lot, but several badly down in face, a fatal fault in this variety.

BARBS not a big-class but good, blacks, especially.

FANTAILS, one of the best if not the best class in the lot, blues and whites really fine.

JACOBINES fair, not much competition.

ANTWERPS a good class as Antwerps go. First, short-face cock a grand massive headed, red chequer with good beak worth the rest of the class. Long-faces were a nice lot.

OWLS a good large class, especially African which contained some grand-headed birds, good also in beak and gullet.

RABBITS.

As usual Barber carried off all the tickets with his grand Lops. Silver Creams won in the variety class.

ORNAMENTAL

contained nothing startling, a pair pea fowls, few pair guinea fowl, and some Ferrets and Guinea Pigs.
