

# THE CADETS' TRUMPET.

T. C. P. B. The next highest to be called Cadets' Trumpet Vice Champion Puzzler of the White, designated C. T. V. C. P. W., and the third highest, called Cadets' Trumpet Rear Champion Puzzler of the Red, designated C. T. R. C. P. R., or for short C. P. B., C. P. W., and C. P. R. The first will be conferred on the Knight or Lady of the Tough Knot who sends in the largest correct solution for the remainder of the year, this number inclusive; the second for the next highest correct solution and the third for the third highest correct solution of the puzzles. The degrees, which will be publicly announced in the January issue of 1881 (if the wind of the Section is long enough to keep up the blast) will be conferred by a certificate, together with a badge of the Red, White or Blue, as the case may be, and the winner, when mentioned in the CADETS' TRUMPET, will have after his or her name or nom de plume the degree to which he or she is entitled.

## ORA COLLAR.

The advantages of this Collar over all others are as follows:—

1st.—It has an open space in front for the tie of the cravat to set in.

2nd.—A space between the folds to enable the tie to be adjusted after the tie is buttoned. This ADVANTAGE no other collar has.

3rd.—It is folded on the lower edge, as well as the ends. Thus making the edges very smooth, preventing any wearing of the tie or shirt where it comes in contact with the edge of the collar.

4th.—Having an open space in front, it can be buttoned with great ease.

5th.—It has a spring shape at the back of the neck, making it the easiest sitting Turn Down Collar ever offered to the public.
