

We had the pleasure of a short visit from three of our graduates. The Rev. D. D. Millar was with us until the close of his examinations on part of his B. D. work. He had a slight attack of appendicitis which, however, did not long keep him from returning home. At the same time the Rev. D. N. Coburn, B.A., was with us for a few days, finishing his B. D. exams. He engaged in the W. P. D. C. sports and helped materially for our success. The Rev. W. Paterson, B.A., of Buckingham, spent a day with us. He has almost completely recovered.

Rev. H. T. Murray, a graduate of '97, now settled at Birtle, Man., participated in a very interesting event in his neighborhood. This was the baptism of no less than seven adults and children, and the uniting in marriage of five couples. The ceremonies were all the more interesting and influential in that the interested parties were members of the tribe of Indians living on the "Reserve." The event drew a great many people, both Indians and whites, and the Rev. Mr. Murray used this good opportunity to advantage in urging many others to accept the gospel.

The Rev. P. Wright, D.D., whom we mentioned in our last issue as having resigned from Knox Church, Portage la Prairie, was tendered a farewell social previous to his departure to take up century fund work. That his departure was regretted was evidenced by the united expression of esteem from the ministers of the town and vicinity. Addresses were presented to the reverend gentleman by his congregation and by the W. C. T. U. of the town. His congregation expressed their esteem by presenting him with a substantially filled purse. We wish him every success in the work in which he has already shown himself very successful.
