PERPETUAL motion—Scandal. THEY call it "liquoring up" but both at the bar and in the gutter, it is liquoring down. A MAN never wants to laugh when a fly lights on his nose—nevertheless he is tickled. A Cure for Drunkenness. Opium, morphine and kindred habits. Recipe and valuable treatise sent free. The medicine can be given in a cup of tea or coffee and without the knowledge of the person taking it if so desired. See two stamps for full particulars and testimonials. Address M. V. MORE men are wanted everywhere with the far-reaching power to mind their own business.

THE public market in Toronto is a good thing, as the farmers are compelled to do all their business on the square.

Horsford's Acid Phosphate. A Valuable Nerve Tonic. Dr. C. C. OLIVIER, Milwaukee, Wis., says: "I have used it in my practice ten years, and consider it a valuable nerve tonic."

"I THINK our church will last a good many years yet," said a waggish deacon to his minister; "I see the sleepers are very sound."

AN Irishman, upon seeing a squirrel shot from a tree, said, "Faith, and that's a waste of powder; the fall itself would have killed the squirrel."

Nervous Debilitated Men You are allowed a free trial of thirty days of the use of Dr. Dye's Celebrated Voltaic Belt with Electric Suspensory Appliances, for the speedy relief and permanent cure of Nervous Debility, loss of Vitality and Manhood, and all kindred troubles, for many other diseases. Complete restoration of health, vigor and manhood guaranteed. No risk incurred. Illustrated pamphlet, with full information, terms, etc., mailed free by addressing Voltaic Belt Co., Marshall, Mich.

"LET me see," said Jones, "you sent your only son to college, did you not. How did he succeed?" "Finely," said Smith, "he learned to play base ball and graduated."

"JOHNNY, is your sister in?" "I don't know. Lemme see—what's your name?" "Barnes—Mr. Barnes." "All right, Mr. Barnes. You just sit down and I'll ask Sis whether she's home; but I don't think that's the name."

THE PAINS OF LUMBAGO, aching back and hips, with all weakness and soreness, will speedily vanish under the treatment of Haggard's Yellow Oil, a remedy which may be taken internally and applied externally. It is a positive cure for pain.

"HOW to breathe," is a caption in an exchange. The best way is through the nose and mouth. Those writers who teach breathing through the ears and eyes cannot be too strongly condemned.

CROUP.—This disease is caused by the formation of a false membrane lining the windpipe, and obstructing the passage of the air, and is known by the shrill, croup-sounding cough and rattling in the throat. This membrane must be removed by expectoration. Take a double dose of ALLEN'S LUNG BALSAM every ten or fifteen minutes, which will reduce it, after taking a few doses. THE BALSAM WILL AND HAS SAVED THE LIVES OF THOUSANDS OF CHILDREN ATTACKED WITH CROUP, where it has been taken in season.

AN exchange speaks of the influence of music upon animals, and considers it wonderful that a seal will follow a boat when there is music aboard. We have heard of a (boot)-jack following a hand-organ grinder and the seal stayed with him the rest of his life.

"CABBAGES are better than gold," says a man who has tried both. "Yes, but we believe very few people wear cabbage heads on their watch chains for charms." No, the usual place for wearing cabbage heads when they are worn at all, is directly under the hat.

DR. WISTAR'S WILD CHERRY BALSAM.—This Balsamic compound has become a home fixture. Let all who suffer, and have in vain attempted to cure their coughs, colds, bronchial or pulmonary complaints, make use of this unequalled remedy. It can be relied upon, the mass of testimony that has been published since its introduction, being ample proof of its efficacy.

THE following libel upon an excellent denomination is so good that even the sternest elder will have to join the laugh: A Baptist minister fishing near Cape Cod, caught a strange fish, and asked the skipper, "What manner of fish is this, my good man. It has a curious appearance." "Yass! Only been round here this year." "What do you call it?" "We call 'em Baptists." "Why so?" "Cause they spile so quick arter they come out of the water."

TRICKS ON THE TRACKS!

DANGERS FROM WHICH ENGINEERS SAVE THE PUBLIC AND THEMSELVES.

The Railway Review.

One who is accustomed to railway traveling can scarcely realize how much he is dependent for safety upon the engineer. Added to the responsibility of their station, engineers are also in constant danger of accidents caused by the tricks of jealous rivals.

This rivalry, it is said, sometimes prompts to the doing of utterly mean tricks. A Nickel Plate engineer after his very first trip was laid off because he had "cut out" all the bearings of his engine. He was re-instated, however, after he had proved that some rival had filled his oiling can with emery. Another new engineer was suspended for burning out the flues of his boiler. Through grief at the loss of his position he died, and then a conscience-stricken rival confessed that he had put oil in the tank so that it foamed and showed water at the top gauge, when in reality there was scarcely a quart in the boiler!

These intense jealousies, together with the terrible anxiety incident to their work, has a terrible straining effect on the nerve, and statistics tell us that though Locomotive Engineers may look strong and vigorous, they are not all a hearty class. Ex-Chief Engineer A. S. Hampton, Indianapolis, Ind. (Div. 143), was one of those apparently hearty men, but he says: "The anxiety, strain and jolting came near finishing me." His suffering localized in catarrh of the bladder, but he used Warner's safe cure faithfully for twenty weeks and now exclaims, "I am a well man." T. S. Ingraham, of Cleveland, Ohio, assistant Chief engineer, and other prominent members are also emphatic in its praise.

The Locomotive Engineers' Brotherhood has 17,000 members and 240 divisions. Its headquarters is in Cleveland, Ohio, where Chief Engineer Arthur for twenty years has exercised almost dictatorial sway. It was organized in August, 1863, by the employes of the Michigan Central. It has given nearly two million dollars to the widows and orphans of deceased members.

A HOME DRUGGIST

TESTIFIES.

Popularity at home is not always the best test of merit, but we point proudly to the fact that no other medicine has won for itself such universal approbation in its own city, state, and country, and among all people, as

Ayer's Sarsaparilla.

The following letter from one of our best-known Massachusetts Druggists should be of interest to every sufferer:—

RHEUMATISM. "Eight years ago I had an attack of Rheumatism, so severe that I could not move from the bed, or dress, without help. I tried several remedies without much if any relief, until I took AYER'S SARSAPARILLA. By the use of two bottles of which I was completely cured. Have sold large quantities of your SARSAPARILLA, and it still retains its wonderful popularity. The many notable cures it has effected in this vicinity convince me that it is the best blood medicine ever offered to the public. E. F. HARRIS." River St., Duckland, Mass., May 13, 1882.

SALT RHEUM. GEORGE ANDREWS, overseer in the Lowell Carpet Corporation, was for over twenty years before his removal to Lowell afflicted with Salt Rheum in its worst form. Its ulcerations actually covered more than half the surface of his body and limbs. He was entirely cured by AYER'S SARSAPARILLA. See certificate in Ayer's Almanac for 1883.

PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists; \$1, six bottles for \$5.

CATARRH: A NEW TREATMENT.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting from the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination, this accomplished, the Catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has attempted to cure Catarrh in this manner, and no other treatment has ever cured Catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favourable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 305 King Street, west, Toronto, Canada, and enclose stamp for their treatise on Catarrh.—Montreal Star
