PROFESSOR A. C. BARRY'S

Tricopherous or Medicated Compound

When Theory and Comment authenticate each other, there can be no mistake. This is the case as regards BARRY'S Tricopherous. The theory of its operations is this:—That it is imbibed by the absorbents and injected through the superficial vessels promoting the growth, beauty, and health of the Hair, when applied to the scalp, and dissipating inflammation of every kind, (whether caused by disease or accident,) when applied to the pimpled, blotched, tumorous, punctured, cut, burned, scalded, or in any way irritated skin. It is also assured that it acts upon the pores, those ventilators and escape pipes of the system, and assists to dispel the morbid elements of disease through these important channels.

So much for Theory. Experiment proves that the article is an invaluable remedy for all external hurts and diseases, and that as a preparation for renewing the vegetative power of the hair giving it a rich metallic lustre, rendering it classic and curly, and removing scurf and dandruff, it has no equal either in Europe or America, while in cheapness it certainly stands alone.

Sold in large bottles, price 1s. 6d., at the principal office, 137 Broadway, New York. Also by the principal Merchants and Druggists in the United States and Canada; and by WILLIAM BAILEY, Hair Cutter, Wig Maker, &c., King Street, Toronto.

TORONTO NECROPOLIS.

NOTICE.

THE DIRECTORS of the TORONTO NECROPOLIS beg to inform the Public that the ground is now completed, and the Cemetery will be open for Interments from this date, and that they are now in a condition to receive applications for PLOTS OF GROUND for Private Tombs or Family Burying Places.

In the selection of a piece of ground for the formation of the Toronto Necropolis, the Directors endeavored to keep in view, and secure certain advantages, which it appeared to them desirable, that every Cemetery should possess. The advantages referred to are the following, viz:—1st. Amenity or beauty of situation. 2nd. Proximity to the City, or convenience of access, combined at the same time, with that peaceful seclusion which all admit to be so appropriately associated with the Grave, as the resting-place of the remains of departed relatives and friends. 3rd. The highest attainable security that the remains therein deposited shall continue undisturbed, and not liable to be removed or intruded upon, in any way; and thus at such a moderate expense, as might be within the reach of all classes of the community.

It gives the Directors the utmost satisfaction to have to state, that in the situation fixed upon for the Toronto Necropolis, (which is towards the North-east of the City, and bounded by the River Don,) all these advantages have been secured in a very eminent degree, and this upon such moderate terms as, it is confidently believed must secure the approbation of the Public generally.

1st. For amenity or beauty of situation it will be admitted by every one who has examined the grounds, that the Toronto Necropolis stands unrivalled.

2nd. Proximity to the City, combined with solitude and retirement. The Necropolis is situated within a convenient distance from the city, and at the same time is as secluded and retired as if it were at the distance of several miles. The access for carriages is by two spacious Gothic gates, one placed near to the Superintendent's house on the plank road leading to the Don, and one on Sumach Street, which Western gate forms the centre, and main entrance to the grounds.

The security of the ground as a place of deposit for the remains of departed friends, has been promoted by every possible means and is most effectually protected and guarded, and in this the Directors have spared neither labor nor expense, considering the perfect security of the ground, as an object of the highest importance. In surveying and laying off the ground into plots, the Directors have kept steadily in view the propriety of meeting the desire now so generally felt by almost all parties, to secure for themselves and families the exclusive property of a private burying place, and in order to accommodate as far as possible, they have arranged for the disposal of lots in all the different blocks, and fixed the prices, varying from 2s. to 45s according to situation and size of lot.

Whilst the Directors feel anxious to encourage the acquisition of such private plots, they have, however, set aside a considerable portion of the ground for public use in which single interments may be made.

The semicircle of the mound, at the eastern extremity which overlooks the River Don has been laid off for the erection of vaults for such as may prefer them. These vaults can be constructed, so as to admit of interments either in the soil within the building or in catacombs, to be erected along the walls as may be preferred by the parties.

Arrangements have been made for the erection of a Public Vault in the centre of the ground.

With respect to the regulation for interment, the Necropolis will be conducted on the most convenient and unexceptional manner. The whole grounds are thrown open to all sects, without distinction, leaving it in the option of every family, to bury, either with the service of clergy of any denomination, or without any service at all.

Parties purchasing plots will be allowed every facility and encouragement for enclosing their ground, or erecting monuments or tombstones, according to their various tastes and wishes (subject always to the regulations, adopted or that may be adopted from time to time, by the directors.) The directors only reserving to themselves, this right, for the purpose of preventing any undue interference with neighboring plots or with the general beauty or amenity of the ground.

The directors respectfully invite the public to an early personal inspection of the grounds, and feel the utmost confidence that on examination it will be found to compare favorably with any other cemetery in the country; every information relative to the Necropolis can be obtained by application to

SAMUEL SPREULL, Secretary,

61 1/2, Yonge Street.

Or to JOHN ROSS, Superintendent,

On the ground.
