## THE ONLY WAY

To know whether each part of your business is profitable, and that some branches are not eating into the profits of others, is to have a system of estimating and cost accounting which keeps each department separate and yet works together as a harmonious whole. You can have such a system and yet reduce your office expenses. All you have to do is to introduce

**The Builders' Auxiliary**  
into your business. This system is accurate, simple and complete. Every contract is kept as a separate unit. Labor and material are separated in every branch, and each is charged up in an extremely simple manner to its own part of the contract.

**PRICE, \$5.00 PER SET.**
