 Week Days—Mass at 7:30 a.m.

SATURDAY, SEPTEMBER 4, 1886

CITY AND PROVINCIAL.

In the Dominion Government Savings Bank at Winnipeg, for the week ending August 22, the deposits were \$18,509; withdrawals, \$7,741. 11.

The first new wheat of this season to the Ogilvie Milling company arrived yesterday from Grenna. It was a carload of first class sample of N. 1 hard wheat.

There will be a large emigration next year. Many families from Dakota and other states have intimated their intention of moving to Manitoba.

The lieutenant governor in council has authorized certain school districts to borrow money as follows: St. Mary's, \$450; Carlingville, \$575; Belmont \$200, Ashfield, \$600.

A letter from the Blackfoot agency says the Indians there are busy harvesting, and the crops are going to be a good average yield this is a good test of the soil, as there was more than usual dryness this season.

A grain firm in Glasgow have written to a grain dealer in Brandon asking for samples to be forwarded to them. On the receipt of the samples they will cable the prices they can pay, delivered in Brandon or at the stations along the C. P. R. The grain is to be No. 1 hard, to be shipped in sacks furnished by the firm.

Mr. G. V. Moser, solicitor, Kenda, is visiting this country with letters of recommendation; with a view of gaining information which may be useful for dissemination amongst agriculturalists and artisans in the counties of Cumberland and Westmoreland, England, and with the intention of trying to form an emigration society for the purpose of assisting intending emigrants.

Mr. George Muller writes from Toronto on the 24th inst. to General Freight Agent Kerr as follows: "I thought I would just let you know how we got through with hogs. Leaving Winnipeg on the 19th inst at 21 o'clock, arriving in Toronto on the 24th at 16 o'clock and any article you may see fit to put in newspaper regarding shipment of live stock on C. P. R. with the greatest despatch I am ready and willing to sign."

The Canadian Gazette of Aug. 12 says: The Baroness Burdett-Coutts and Mr. Burett-Coutts passed through the Canadian section on Thursday of last week. The Baroness, in her passage through the central gallery, stayed for a short time under the game trophy, and with Mr. Burdett-Coutts entered into conversation with Mr. Hubbard in regard to the Northwest, and especially the settlement of East End Londoners at Moosomin. Mr. Burdett-Coutts was also much interested to learn of the progress of the coal mines at Lethbridge in the Northwest.

Lt. Col. MacKeand who has just returned from the west says that the prospects for a good fall trade were never better. The crops as far west as Indian Head are harvested and in good condition. The colonel went as far as Calgary and speaks of that town as being a very lively wideawake place. The cattle ranches are being filled up with a splendid class of stock and in a short time there will be large herds of sheep in the country. A few days ago 4,000 sheep were brought from Montana to Calgary only eight being lost on the way. It is reported however that Indians are stealing the sheep, and opinions are expressed that there are probabilities of trouble on that account. The Indians are very anxious to buy rifles and ammunition, one of the redmen offering as much as \$15 for 100 rounds of Winchester cartridges which of course were not sold to him. In regard to trade Col. MacKeand says Winnipeg houses may do a good business as far west as Calgary but in the British Columbia district the through rate leads merchants to buy in the eastern provinces.

MAN. AND N. W. T.

Glacier Hotel, C. P. R., B. C., Aug. 25.—The third of a series of most successful concerts was held last evening (the 24th) by the men employed on the various works here; in one of the large rooms of the Glacier Hotel, which is being built by the C. P. R. in a beautiful spot surrounded by magnificent scenery three miles west of the summit of the Selkirk range of the Rocky Mountains, and two miles from the west glacier from which the hotel takes its name, and to which a road is being cut through the forest and the chaotic mass of drift wood brought down the mountains by some very recent snow-slides, which will make a most romantic walk or ride. The performers were loudly encouraged, and very good naturedly responded to the repeated calls. L. R. O'Brien, the president of the Royal Canadian Academy occupied the chair, and seated very modestly in the background amongst the audience was J. C. Forbes, R. J. A., of Toronto, who with Mr. O'Brien, is located here for a time in tents on a painting tour, and whose pictures of the grand scenery around, when finished and exhibited, will raise those artists to even a higher position, if possible, in the world of art than the one they now occupy.

Prince Albert, Aug. 18.—Mr. Church, representing Sandford, Vail and Co., of Hamilton, arrived from Winnipeg last night.

Harvesting is about over. We have had very heavy rains during the last ten days, which have delayed farmers considerably especially in haying operations.

Work is at a standstill at present on the new court house. Mr. Dorrige, the contractor, had some trouble with his bricklayers and they left him. He had two of them before Capt. Young, J. P., for deserting their employment and the magistrate fined them \$30 and costs each with the alternative of 30 days in jail. They paid the fines.

Minnedosa, Aug. 29.—On the arrival of the 5 o'clock special, and immediately after the ceremony of turning the first sod of the Saskatchewan and Western Railway, a general meeting was voluntarily convened at the grand Central Hotel to receive Dr. Harrison, M. P. F., the new minister of Agriculture. J. D. Gillies was elected chairman, with T. McNutt secretary. Mr. Gillies made a few appropriate remarks, referring to the Saskatchewan and Western, and other matters of interest. Dr. Harrison being loudly called for, responded as follows: "I can assure you that I feel a deep debt of gratitude to the people generally for viewing my efforts in the kind way they have done. When I came to you in 1882 I did not intend to enter into public life, and although you afterwards asked me I declined at first, since I was elected I have done my best to forward the interests of the country. I have felt deeply interested in railway matters, and have used my influence to forward your interests in this respect. The success of the Government interest was proved by the fact that railway bonds sold at ten per cent. above par when placed in the market. I was asked one year ago to go to Ottawa to secure the same terms for the Northwest Central as other roads enjoyed, and secured them, but that company waited too long and failed to carry out their engagements. The Manitoba and Northwest stepped into the breach, and are carrying out the project of building this road and today turned the first sod which heralded the approach of a new and prosperous era for a large part of Manitoba and the Northwest. Yesterday the Lieut-Governor asked me accept the portfolio of Minister of Agriculture, which I did. I feel the responsibility of the position, and will endeavor to discharge the duties of the office as faithfully and well in your interest as in the past I have endeavored to do as your representative. I am very tired, having been very busy lately attending the convention and other duties, and will close by saying that we are all working for the best interests of the country whether we ourselves Grits or Tories. I thank you all kindly for the expressions of good will. The meeting after giving cheers for Dr. Harrison, J. D. Gillies and the secretary adjourned to the railway platform giving the new minister three rousing cheers as the train slowly moved westward."

Edmonton, Aug. 31.—The half-breed scrip commission finished their labors at Lac la Biche on Thursday. About two hundred scrip was issued. The commission is now on its way to Battleford. The crops are more than half harvested, and the yield is the best on record in quality and quantity. The weather is very favorable.

Virten, September 2nd.—The report of the crops in the immediate vicinity of Pipestone are exceptionally good, and are all that could be desired, owing to the dry season. While travelling through this locality a person cannot but be struck with astonishment and admiration at the gigantic wheat fields which some of the farmers have, and the vast progress which they have made since they first settled here, having a fertile soil and an abundance of hay, wood and water, which renders it a first-class place for mixed farming. The wheat crops of Messrs. John McKindon and Sons is deservedly worthy of note for being the finest crop in the vicinity, and probably one of the best crops in the Province. Mr. McKinnon has about 950 acres under wheat and about 200 acres will yield at least 400 bushels per acre. In fact if this crop could only be exhibited at the Colonial Exhibition, it would be clear proof to convince people abroad of what Manitoba soil is capable of producing.

Regina, Aug. 30.—Rufus Stephenson is doing the town along with Major Bowles, we saw them to night viewing the architectural beauties of the place and imbibing the "ozone."

The Lieut-Governor left on Saturday night for Sanff and British Columbia. His health is improved, and we hope he will be fully recovered on his return.

Minnedosa, Aug. 25.—Miss Parnell sister, in law of Rev. Mark Jukes, rural dean of Minedosa, has left here for her home in Wales, where she is advised for the benefit of her health, which has been in rather a precarious state for some time. We hope that the change may result in the permanent restoration of her health.

Mrs. Langley, of the Portage, who gave birth to a child on the M. & N. W. express train, is, we believe, doing well. The little stranger, whose advent to life was marked by the most extraordinary circumstances, is also thriving, and bids fair to possess a vigorous constitution. The M. & N. W. Company might at least present the child with a quarter section of land in memory of the singular circumstances.

Mrs. Dr. Beauchamp's mother, from Toronto, is now paying a visit to her daughter and son-in-law, and expects to remain here several months.

J. Todd, of Burnside, is officiating in the Presbyterian pulpit, Mr. Wellwood, B. A. having resigned the pastorate.

Harvesting operations are well nigh over, the grain and cereals being of excellent quality.

FULL LIST OF MANITOBA'S EXHIBITIONS
