Alone in the Lead

STANDS the "HAPPY THOUGHT" Range; in the lead it has been for many years, and there it will remain. All that capital, ingenuity and experience can do are brought to its perfecting. All the stimulus that success gives urges this consummation. The knowledge gained by nearly half a century of stove making are directed towards this end, to maintain in its commanding position, to enhance the wonderful reputation, and to increase, if possible, the marvellous efficiency of the incomparable "HAPPY THOUGHT."
