ROOSEVELT AGAIN CENTRE OF STORM

Assertion of Monroe Doctrine's Vitality Disputed by Eminent Chilean Diplomat.

TEDDY LOST TEMPER

And Now South American Embassies at Washington Are Agog.

WASHINGTON, Dec. 21.—(Can. Press.)—Members of the diplomatic corps, especially representatives from the South American countries, were greatly interested in a report reaching Washington today that former President Roosevelt and Dr. Marchal Martinez, at one time intimate friends, had clashed in Santiago de Chile on account of divergent views on the Monroe doctrine. The Chilean report stated that Roosevelt had been strongly dissatisfied from the Roosevelt view that the much-discussed doctrine is still a vital issue. The reported debate attracted unusual interest here because both of the prepared speeches were reviewed before delivery by the Chilean foreign office. Dr. Martinez, it was said, was the spokesman of the Chilean government at the state reception given the American visitor recently at the University of Santiago because of his warm friendship for the United States. He is one of the oldest and most eminent Chilean diplomats and made many lasting friendships during his tenure as minister here many years ago.

Roused Colonel's Ire. In his address at the Roosevelt reception Dr. Martinez dealt with the Monroe doctrine, characterizing it as a dead issue and arguing that the conditions which gave rise to its promulgation by President Monroe in 1823 have almost entirely disappeared. This statement is said to have aroused the ire of Col. Roosevelt, who reacted with some heat, holding that the Monroe doctrine still was a vital principle of the foreign policy of the United States. He is said, too, to have suggested to the Chilean diplomat, incidentally, that it was ill advised on such an occasion to inaugurate a controversy.

ST. ANNE'S BUSINESS MEN.

The Rev. Mr. Skey has invited the ladies of the referendum committee to take charge and address the Business Men's League of St. Anne's Church next Sunday.

DISEASE MERELY FALSE EXPERIENCE

Professor Henry of Boston Addressed Massey Hall Audience on Christian Science.

"Christian Science is not hypnotism," declared Professor Hermann S. Herling of Boston, Mass., speaking in Massey Hall yesterday afternoon. "It is not magnetism; it is not mental suggestion. Its healing is only possible in proportion to our spirituality and depends upon clear discernment and correct application of its principle."

"Matter is energy, and the miracles performed by Jesus are illustrations of the truth that all existence is wholly mental. Like God, who produced it, the real universe is infinite and spiritual. Disease is an untrue experience of the human mind and is destroyed when truth is brought to bear on consciousness. "All discords," declared Professor Herling, "are in the mind and can be corrected by truth. Not the thought of Christian Science, but spiritual truth, is healing." The speaker lamented the fact that the teaching in the public schools produced in many cases a consciousness so biased towards materialism that it was rendered almost impossible for the child to grasp the nature of spiritual existence and spiritual power. Professor Herling is a member of the board of lectureship of the mother church, the First Church of Christ, Scientist, in Boston.

GIRL MALTREATED AND FATHER SLAIN

Brutal Crime at Fort Plain, N.Y., Rouses Whole Countryside.

FORT PLAIN, N. Y., Dec. 21.—(Can. Press.)—A crime that has aroused the countryside was discovered early this morning, when Helen Barrett, 20 years old, succumbed in freeing herself from a gag and ropes at her home, six miles west of Fort Plain, where, after she was attacked last night, her father was murdered by a man or men in search of money. The victim was John Barrett, 60 years of age. He was clubbed and shot thru the head. His money, a considerable sum, he had hidden behind a wall panel and it was untouched. Helen Barrett was stunned by a blow of a club while reading, between 9 and 10 o'clock. She was gagged and bound and thrown into a small ante-room. Her father was slain when he came to her aid. The daughter did not know who committed the crime, and the authorities have had to work without a clue.

The sheriff, deputies and an assistant district attorney made fruitless efforts all day today to strike a trail, bloodhounds being put on the scent as one expedient, without result. The state is repairing highways in the vicinity of the Barrett home and many foreigners are employed on the work.

BURNS MANUSCRIPT IS WAITED FOR EAGERLY

Lord Rosebery Gives Warm Thanks to Donor of Literature.

PHILADELPHIA, Dec. 20.—(Can. Press.)—John Gribbel of this city who recently purchased the Glenriddell manuscript copies of the works of Robert Burns for the purpose of restoring them to Scotland today received a letter from Lord Rosebery, former premier of England, saying that the prospect of a restoration of the manuscript has put every Burns centre in a ferment. Mr. Gribbel wrote to Lord Rosebery asking him to select a place in Scotland where the Burns treasures may be permanently placed. In his reply, Lord Rosebery said: "I am sure that all Scotland shares with me the joy with which we have learned of your noble act and princely benefaction. You have repaired the effects of the scandalous sale, and you are restoring to my country one of her most precious title deeds."

Lord Rosebery added that the disposition of the manuscripts will require some consideration.

MORIARITY WAS ACQUITTED.

TOMS RIVER, N.J., Dec. 20.—(Can. Press.)—Joseph Moriarity, also known as Wm. Leelan, was acquitted by a jury today on the charge of murdering Mrs. Catherine Turner, wife of a gardener on the estate of George Gould at Lakewood. The jury was out an hour and ten minutes. Its verdict caused an uproar in the courtroom which could not be quelled for five minutes.

Decide NOW for Good Roads—Dont wait until Summer. YOU can't build roads in winter—but what you can do is to decide which roads shall be started next spring. Get an early start so that the roads will be ready for use in summer. If you wait till spring before deciding what to do you will find when late summer and early fall come around, that your roads are still unfinished—and that is the time you need them most. Outline your road needs now, make investigations into the cost and type of construction, influence public opinion for highways that mean greater economy to every person in your community. Start right now—get action on the improvement of your bad roads—begin the construction as soon as spring opens, and by next summer you will have roads over which you can haul a full load in less time than you could formerly haul only half a load. Good Roads (not a makeshift of filling up ruts and mud-holes), besides marking the economic progress of a community, are an important factor in reducing the cost of living and improving the general prosperity. Insist on "good roads"—roads that will stay good for years to come, that kind is cheapest.

Investigate Concrete Roads. THEY are not only the "best good roads," but they are cheapest at the end of ten, fifteen or twenty years. Their first cost is comparatively the same as that of any good road, but their maintenance cost minimizes the original expenditure because the upkeep is practically nothing. This makes concrete the "economy road," and being free from ruts, holes, mud and dust, easy of traction, and open to traffic the year round, makes concrete the "road to satisfaction." Every citizen owes it to himself, to his family and to his community, to use his influence for good roads because they have a bearing on his everyday life, which is of vital importance to his economic living and future prosperity. Everyone interested can obtain the fullest information about Concrete Roads, free, by addressing CONCRETE ROADS DEPARTMENT Canada Cement Company Limited Montreal

PANAMANS ARE BITTER AGAINST COLOMBIANS

Strong Demand Made for Expulsion of Detractors of Country.

PANAMA, Dec. 21.—(Can. Press.)—The anti-Colombian sentiment has grown to such an extent that an open letter has been addressed to President Porras, demanding the expulsion from the republic of the country's detractors and the dismissal of all Colombians holding government positions in Panama. A further demand is made that the police corps shall be composed exclusively of Panamanians. At the present time about one-third of the teaching staff of the public schools is composed of Colombians, and there is a large sprinkling of them in the police department. The leaders of the anti-Colombian movement express the opinion that if there are not enough Panamanian teachers to supply the schools, teachers from Chile or Spain should be engaged.

NON-MAGNETIC YACHT BACK FROM LONG TRIP

Observations of Scientific Value Were Taken All Over the World.

NEW YORK, Dec. 20.—(Can. Press.)—After a three and a half years' cruise about the world during which she traveled 93,000 miles, the non-magnetic yacht Carnegie, of the Carnegie Institute at Washington, dropped anchor today in Erie Basin, South Brooklyn. During every day of her trip, thru frigid and torrid zones, scientists aboard the 155-foot auxiliary yacht, took magnetic observations, and they brought back with them records of important errors, particularly in the charts showing the compass variations over the Indian Ocean. The correction of these errors will prove of great importance to navigators. Mr. Peters will immediately prepare his report of the magnetic observations for the Institute. The Carnegie has practically no magnetic metals in its make-up, save the small auxiliary engine used to supplement the 12,900 feet of sail she carries. The yacht is 155 feet overall, with a displacement of 568 tons.

FAVOR REFERENDUM.

Ward Seven Business Men's Association held a splendid meeting Thursday night in Winchelsea school. Mrs. Constance Hamilton spoke on the referendum. Controller Church, Controller Foster, Ald. Wickert and Ald. Rowland were present. A resolution in favor of the referendum was passed.

WARD SEVEN RATEPAYERS.

Ward Seven Ratepayers' Association held a meeting last night at the residence of Mrs. Constance Hamilton, 100 St. George Street. The meeting was held for the purpose of discussing the proposed increase in the rate of taxation for the year 1914. The meeting was held in a room at the residence of Mrs. Hamilton, and was attended by a large number of ratepayers. TENDERS

TENDERS addressed to the undersigned at Ottawa, and endorsed on the envelope "Tender for Old Buildings at Oshawa," will be received up to noon of the TWELFTH DAY OF JANUARY, 1914, for the purchase of the TWO buildings contiguous to the breakwater in Oshawa Harbour, namely, the elevator standing at the shore end of the breakwater, and the smallest of the coal sheds standing directly behind the elevator in a line northward from the elevator. These buildings are offered for sale on the following conditions: The purchaser is to take down the buildings and remove the material and fittings from the Government Reserve, within a reasonable time after the offer is accepted. The time required for removal to be specified by the tenderer, and accepted by the Department. The material and fittings to become the property of the successful tenderer when removed from the Government Reserve. The buildings are to be taken down by the Contractor at their own risk and expense, and the Department is not to be held liable for any accident that may occur in connection with the removal of the buildings or material. The ground occupied by each building is to be levelled off and left in good condition by the Contractor. A separate price is to be made for each building and the Department is not to be held liable to accept the whole or any part of a tender. The Department further reserves the right to refuse the tender. The purchase price to be paid in cash as soon as the successful tenderer is notified of the acceptance of his offer. Each tender must be accompanied by an accepted cheque on a chartered Canadian Bank equal to 10 p.c. of the whole amount of the offer. Cheques accompanying tenders which are accepted will be forfeited if the successful tenderer declines to forward the purchase price when his offer is accepted or fails to remove the buildings in accordance with this notice. Cheques accompanying successful tenders will be returned. Newspapers copying this advertisement without authority from the Department will not be paid for same. C. STANTON, Acting Deputy Minister, Department of Marine and Fisheries, 52655, Ottawa, 10th December, 1913.

SEALED TENDERS

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Bridge structure and approaches at North Timiskaming, P.Q.," will be received at this office until 4:00 p.m., on Monday, January 13, 1914, for the construction of the substructure and approaches of a highway, Bridge No. 10, North Timiskaming, County of Pontiac, P.Q. Plans, specification and form of contract can be seen and forms obtained at this Department and at the offices of the District Engineers, Confederation Life Building, Toronto, Post Office, Montreal, and on application to the Postmaster at North Timiskaming, P.Q. Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, indicating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given. Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the honorarium of the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fails to complete the work contracted for. If the tender is not accepted the cheque will be returned. The Department does not bind itself to accept the lowest or any tender. By order, R. C. DESBOIS, Secretary, Department of Public Works, Ottawa, December 19, 1913. Newspapers will not be paid for this advertisement if they insert it without authority from the Department.—52655
