

## **Why We Need a New Building**

---

**1st—Because the present building is not large enough to accommodate the pupils who wish to attend.**

**2nd—Because the present building is un-sanitary and poorly ventilated.**

**3rd — Because the present building has very poor arrangements for heat and light.**

**4th — Because the Inspector says the present building is the worst Collegiate Institute building in Ontario.**

**5th — Because Renfrew wishes to continue to be an educational centre.**
