NOW. S.—(Special). — Excellent progress is being made on the new Bedford Park schoolmouse and indications now are that by the time real cold weather comes the soof will be on, enabling the workmen to complete the inside duwing the winter. The new building will accommodate all the north-end children for the next two or three years at least. Out with the big progress now under way and in contemplation it is only a matter of a short time till increased accommodation will be needed. The prickwork on the new school is completed about to a level with the top of the first-floor windows. The school board of which Mr. Davis is chalfman, are entitled to every commendation for the way in which the work is being poshed along.

It is expected that the report of City Engineer Rust with respect to the sew aga system of the town and to obtain which Mr. Rust made a personal examination, will be out on Wednesday or Thursday. Needless to say, it is awaited with the greatest interest.
