The Toronto World tion intends to water this up to \$25, 000,000 in order to conceal the size of the dividends yielded by extortionate rates. In New York the Consolidated Gas Company was established to swallow up the various companies then exsting, which had invested \$11,215,000: the capital has now been watered up to \$35,000,000." There are responsible public men and newspapers in Canada that believe or profess to believe that ansactions of this kind impose no reducing the value of the stock to ts holders. "Contrariwise," says Mr. strument of tyranny over the peo can prove," he continues, "the exist-

Is War to be avoided to the political neaven, we can see nothing but an almost immediate outbreak of war between Britain and Germany. Only some great silent force is now bolding it back.

We have read the American magazines for February and we are struck by their numerous articles on Germany; here industrialism, her against on the suppression of the industrialism, her against on the suppression of the industrialism, her against on the suppression of the industrialism, her significant on the state. And the thing that comes out of these state and the hard of the customer father than the state. And the thing that comes out of the scattles is that Germany does not want to fight, but to develop, to the politic to findustrialize. Is this so? We believe it is.

England, on the contrary, seems to be seeking war. She was within an account of the west declared himself in favor is the see and the thing that comes out of the search of the same of a stacking Germany data she will not be seeked war. She was within an account of the west declared himself in favor is the seek of a stacking Germany's steady advance as a rival for England's trade!

We believe, as we said. Germany's deared and a form the point of one of the great of the same than the same of a stacking Germany's steady advance as a rival for England's trade!

We believe, as we said. Germany's does not want to fight, we believe a force of a fort stock company that the state of the same that the same that the fact that the present premise in several than the same than th We believe as we said, Germany does not want to fight. We believe that she does want to expand. We believe she has a right to expand. But England has blocked her so far.

We believe that England wants to edy the evils that arise from stock

holders should be permitted on the books of a joint stock company that has not for its basis the payment of cash or the transfer of property," and that fiction should be absolutely eliminated. Legislation designed to remulate the control of the corporation amount to \$45,086,659.99.
