It was late before all the cards in the bogey handicap were returned when it was found that George S. Lyon, Fritz Martin and J. Sale, jr., had tied for first place.

square; S. R. Hart, square; F. A. Parker, square.

In the approaching competition, R. G. McLean and Fritz Martin were the successful contestants, winning first and second place, respectively.

To day the program consists of three events. In the morning the ladies participate, the open mixed foursome handleap beling on the card. In the afternoon the semi-finals in the three flights of the championship will be decided, and at 5.30 there will be a driving competition. In this event the committee are very wisely departing from the conditions usually governing a competition of this kind. Instead of each ball driven between two posts set 30 yards apart and at a distance of 100 yards from the players, being measured, the courts will be laid out in the form of a checker board, the values to each square being adjudged by the committee. Thus, "sliced," or "pulled," balls can be effectively penalized, and one that travels straight at first, but then curves, will not, as formerly, secure full value.

Appended is the draw in the champion-ships:

I have confidence enough in my treatment to give my Electric Belt free until you are cured. I ask no pay in advance.

I believe in a fair deal. If you have a good thing and know it yourself, give others a chance to enjoy it in a way they can afford.

As to what my Belt will do, I know that it will cure wherever there is a possible chance, and there is a good chance in nine cases out of ten.

So you can afford to let me try, anyway, and I'll take the chances. If you are not sick, don't trifie with me, but if you are, you owe it to yourself and to me, when I make an offer like this, to give me a fair tried.

If you would believe the thousands of men whom I have already treated, my Belt is worth its weight in gold.

GEO. RUDDY. No. 591 St. James street, London, Ont., says: "Your Belt is all you cleam for it, and I can recommend it to anybody."

JAS. A. PEARCE. Wincey Mills, Paris, Ont., cured of kidney

trouble and rheumatism.

F. J. HORN, Bowmanville, Ont., cured of asthma.

JOHN THIBEAULT, Bruce Mines, Ont., lame back cured.

But some men don't believe anything until they see it. That's why I make this offer. I want to let you see it, and feel it, and know it by your own experience before I get a cent.

If you are skeptical all I ask is reasonable security for the price of the Belt, and

If I den't cure you my Belt comes back to me, and we quit friends. You are out the time you spend on it—wearing it while you sleep—nothing more.

But I expect to cure you if I take your case. If I think I can't cure you I'll tell you so, and not waste your time. Anyway try me, at my expense. Come and see me, and let me show you what I have; or if you can't, then out out this ad. and send it in. It will bring you a description of my Belt, and a book that will inspire you to be a man among men, all free.
