Woman Sufferage

Its War Time Aspect

London, England.—The Women of England are doing their duty. They are taking care of the wounded, or if they cannot assist in work of that kind they are adding their savings to promote the good work. They are knitting and sewing for the soldiers at the front The suffragists have given so little trouble to the Government that it will undoubtedly soften the hearts of those in Parliament, since the "militants" have turned all their energies to aid the fighting men of England, and so suf ferage may soon come after this terrible

Thousands of women in Canada have overcome their sufferings, and have been cured of Women's ills by Dr. Pierce's Favorite Prescription. This temperance medicine, though started nearly half a century ago, sells most widely today, because it is made with-out alcohol or narcotics. It can now be had in tablet form as well as liquid, and every woman who suffers from backache, headache, nervousness, should It is prepared from nature's roots and herbs and does not contain a particle of alcohol or any narcotic. Help Canada Maintain Her Financial Freedom!

Do Your Share towards Financing the War with Canadian Savings Rather than with Outside Capital.

> THE problem of meeting the enormous cost of this war is two-fold. Not only must Canada get the money-most of it, of course, as loans-but she must get as much of it as possible here in Canada.

> We can carry the war-debt if the bulk of the interest goes to Canadians, and so is used again in the country's development. But it will be a serious matter for us if a large proportion of the interest has to be sent outside the Dominion.

For the sake of our own and our children's future this drain on our resources must be avoided! Canada's financial freedom can and must be maintained! An average saving of 15 cents a day, invested by each man, woman and child in Canada in War Savings Certificates, would enable us to carry the whole cost of the war. To approach this average, hard work, thrift, self-denial and sacrifice are required of every citizen.

For each \$21.50 you lend the Government now, you will receive \$25.00 in three years-or you can get your money back at any time. Certificates are issued in denominations of \$25, \$50 and \$100, and may be purchased at any Bank or Money Order Post Office.
