CAMLACHIE RECEPTION.

CAMLACHIE, Sept. 28.—Pilot Officer J. Bruce Symington was tendered a most hearty welcome home, after three and a half years' service overseas, in Knox Church last evening. A big crowd ered to give expression to their gratitude. They gave him a purse. He replied in a most interesting manner.

The program consisted of solos by Mrs. Wm. Somerville of Detroit, Miss Myrtle Cairns and John Collinson; recitations by Misses Berta Gazley and Corata McCordic, and impromptu speeches by several of the gentlemen present, Wm. Allan read the address, and Rev. Mr. Gazley acted as chairman.

It also demanded the immediate withdrawal of troops from Russia, and urged the Government to refrain from giving "financial or other aid to reactionary elements attempting to establish monarchical or other boursels forms of government."

Labor Congress Asks That Pressure Be Brought to Bear on Govts.

RAISE SCHOOL AGE

Law to Compel Attendance Up to 16 Years Is Asked in Resolution.

HAMILTON, Sept. 28.-The remarkable ability of members of the Domin-A crowning curative triumph in medicine is now given to the world, and all who have been sufferers from stomach aliments, indigestion and headache can be cured by a purely vegetable remedy.

Calcada speedily with resolutions, controversial and otherwise, received ample demonstration yesterday, when scores were disposed of at the closing sessions of what was probably the most important convention in the history of organized labor in Canada. Well over one hundred resolutions were intropurely vegetable remedy.

Calomel, saits and such like are no longer necessary. They are harsh and disagreeable. Science has devised something far superior, and you can go today with 25c to any druggist and buy a box of Dr. Hamilton's Pills, which are considered the very quickest and safest cure for the stomach, bowels, liver and kidneys.

Half-sick men and women who scarcely know what alls them, will be given a new lease of life, with Dr. Hamilton's Pills. Depressed spirits disappear, headaches are forgotten, appetite increases, blood is purified and enriched, pains at the base of the spine are cured, the nerves are toned up, ambition to work is increased, and day by day the old-time health and vigor return.

Important convention in the history of organized labor in Canada. Well over one hundred resolutions were introduced during the week, and owing to pressure of resultine business the majority of these were left over until the last day and the delegates, after five days of stremuous work, seemed only too willing to shout "Question," when Fred Bancroft, chairman of the resolutions committee, submitted them for consideration.

Labor executives and officials throughout the Dominion were urged to bring pressure to bear on the Dominion and Provincial Governments to establish a minimum wage and a 44-hour week.

The executive council was instructed to prepare a statement regarding the cost of living for submission to the board of commerce, and in this connection the congress went on record in favor of the establishment of co-operative societies.

Salaries of officers of the congress for the ensuing year, when considered by the assembly created a lively discussion, which resulted in material increases being granted. PARIS, Sept. 28.—(Reuter.)—The French aviator Poulet will depart on his attempted flight to Australia on Oct. 1. The hopes to reach Kurachee, India, on Oct. 9. Calcutta on Oct. 11, Singapore on Oct. 15 and Melbourne on Oct. 20.

In an interview with a Reuter correspondent Poulet stated he had flown 10,000 kilometers since July, getting to know his machine. He spoke appreciatively of the British authorities, who have requested consuls at landing places en route to render every assistance. Poulet has such confidence in his machine he will try to make the entire flight without changing any of the parts. Thirty landing places have been arranged, but Poulet will endeavor not to lahd more than 20 times. With good luck he hopes to reach Melbourne in 20 days.

He declared there was no criticism that could be fairly made against the Hearst Administration. The Administration was carried on through trying years, and in spite of the war the Government could show an increase of 50 per cent in the revenue of the province.

In concluding his address Mr. Mills read a prepared statement in which he outlined his position in the matter of temperance. He stated that he is prepared to give his support to the amendments of the O. T. A. which will permit the sale of beer of 5.51 per cent of proof spirits in standard hotels, and will also favor the sale of strong liquors through Government agencies, and under strict supervision, when any reputable citizen may secure pure liquor at a reasonable price without a doctor's prescription. Other speakers were W. G. Weichel, ex-M.P., of Waterloo, and Charles Mc-Kerither of Kitchener.

"Prove it." Very well, then. What is your test of a talking machine? What is that subtle quality which distinguishes one voice from another, or marks off the master violinist from the second best?-the ultimate quality which any talking machine must catch or fail in reproducing perfectly? The answer is—TONE.

So be it, then. The Curtiss Aeronola, by means of an exclusive reproducer, a perfect tone-arm, and a distinctively designed horn, reproduces to a shade, the pure quality of tone as rendered

by voice, instrument or blending of both. In addition, a discriminating choice of materials and distinction in cabinet making, presents the Curtiss Aeronola as a thing of beauty, a handsome addition to one's furnishings.

It plays Victor and Columbia Records, and it is so adjusted that without attachments it will also play Edison or Pathe Records.

But, after all, nothing that can be said about the Curtiss Aeronola is half as convincing as hearing it play. Go to your favorite music dealer or furniture store and ask for a demonstration.
