### MIDNIGHT ROW CALLS FIREMEN WITH POLICE

Lamp Thrown at Woman Sets House Ablaze—A Call for Prohibition Activity.

HAMILTON, April 12.—(Special).—There was a lively row at the home of Mrs. Grundy, Bay and Simcoe streets, about midnight Saturday. Both the fire and police departments were called out before it was quieted. It is alleged that Ben Grivies threw a lamp at his mother, Mrs. Grundy, and upset the stove. Mrs. Grundy was taken to the city hospital with a nasty cut in the head, and the son was taken to the cells and charged with aggravated assault. The firemen had little to do, the loss not amounting to more than \$25.

Rev. Roy vanWyck, pastor of the Sherman-avenue Presbyterian Church, said to-night that it was time that the goody-goody church and King did not take a part in politics should go into the party caucuses and use their influence to have prohibition placed in the party platform as one of the planks. Now that the provincial and Dominion elections would soon be on he thought it was time for the temperance people to get busy.

Rev. W. Kettlewell, secretary of the Dominion Alliance, also preached a temperance sermon at the Erskine Presbyterian Church.

The assessment department has announced that there will be a general increase in assessments for a summer park at the driving track, and the mountain residents are also kicking about assessments in their district.

Thomas Crooks will fit up the two upper stories of his new building at the corner of MacNicol and King streets as modern living apartments. ## ELECTIONS WILL LIKELY BE IN JUNE

The eleventh legislature of the Province of Ontario may be said to have passed from existence at 5 o'clock on Saturday afternoon, and the obsequies will be celebrated on Tuesday at 3 p.m. A very busy day preceded the last moments of the assembly, and the "dying hours" of the past week must be confessed by the warmest admirers of the Conservative party to have somewhat lowered the eminence of the record established since 1905.

Before the adjournment Premier Whitney stated that the elections would be held either in the autumn or in June. The cabinet had not decided yet if they would be held before the 15th of June, but if not they would be held at a later date.

The Premier's Promise.

As far as possible he wished to carry out his promise to the house, and make a statement about what some people called the coming elections. His reason for saying anything was to dispel the general atmosphere of pseudo-mystery surrounding the matter. Everyone knew what was going on. Everyone had assumed that no one should know anything, and especially political opponents. He had made it a rule to give the speech from the throne to all newspapers alike. No harm could be done by taking the people into confidence as far as possible. He was unable to state just when the elections would take place, but would do so as far as they knew. He remembered once when he and Hon. Mr. Matheson made a little journey together. Hon. Mr. Hardy had a little warmed up about it, but when he cooled down he called Mr. Whitney into his office and asked him his views as to the time that should elapse between the issuing of the writ and the election date. As it happened they agreed, and ever since then Mr. Whitney thought the open and candid course the best. All he could tell them was that the elections would be in September or October, or comparatively early in June. They did not take place in June they would go over to a later date. (Laughter.) The cabinet had not decided on the moment it had the news would be given to the press. If in June it would not be later than the 15th.

Penalties for Bills.

D. J. McDougall (Ottawa) suggested that if Premier Whitney intended resisting the rules the Ottawa practice of insisting on \$100 penalties for bills delayed beyond the dates fixed for introduction had worked well there. There was a general scramble on the last day to get bills in time, and only one or two were left over, it being known that the penalty would certainly be inflicted. Premier Whitney was obliged to write hon. friend for mentioning the matter. He intended to consult the gentlemen in Ottawa, and perhaps elsewhere, on the subject.

## THE PREMIER HINTS APPEAL MAY NOT BE HELD UNTIL AUTUMN COMES.

The eleventh legislature of the Province of Ontario may be said to have passed from existence at 5 o'clock on Saturday afternoon, and the obsequies will be celebrated on Tuesday at 3 p.m. A very busy day preceded the last moments of the assembly, and the "dying hours" of the past week must be confessed by the warmest admirers of the Conservative party to have somewhat lowered the eminence of the record established since 1905.

Before the adjournment Premier Whitney stated that the elections would be held either in the autumn or in June. The cabinet had not decided yet if they would be held before the 15th of June, but if not they would be held at a later date.

The Premier's Promise.

As far as possible he wished to carry out his promise to the house, and make a statement about what some people called the coming elections. His reason for saying anything was to dispel the general atmosphere of pseudo-mystery surrounding the matter. Everyone knew what was going on. Everyone had assumed that no one should know anything, and especially political opponents. He had made it a rule to give the speech from the throne to all newspapers alike. No harm could be done by taking the people into confidence as far as possible. He was unable to state just when the elections would take place, but would do so as far as they knew. He remembered once when he and Hon. Mr. Matheson made a little journey together. Hon. Mr. Hardy had a little warmed up about it, but when he cooled down he called Mr. Whitney into his office and asked him his views as to the time that should elapse between the issuing of the writ and the election date. As it happened they agreed, and ever since then Mr. Whitney thought the open and candid course the best. All he could tell them was that the elections would be in September or October, or comparatively early in June. They did not take place in June they would go over to a later date. (Laughter.) The cabinet had not decided on the moment it had the news would be given to the press. If in June it would not be later than the 15th.

Penalties for Bills.

D. J. McDougall (Ottawa) suggested that if Premier Whitney intended resisting the rules the Ottawa practice of insisting on \$100 penalties for bills delayed beyond the dates fixed for introduction had worked well there. There was a general scramble on the last day to get bills in time, and only one or two were left over, it being known that the penalty would certainly be inflicted. Premier Whitney was obliged to write hon. friend for mentioning the matter. He intended to consult the gentlemen in Ottawa, and perhaps elsewhere, on the subject.
