## How To Tell Catarrh

An Experienced Physician Says the Following Symptoms Are Sure Signs.

You can always tell catarrh by the following well known signs: Eyes red and watery? Difficulty in breathing? Are the nostrils stuffy? Do you sneeze frequently?

Is your throat hoarse?

A ringing in the ears?

If you have any of these indications of Catarrh cure the trouble now—stop before it gets into the lungs or bronnial tubes—then it may be too late.

If would be the trouble now—stop before it gets into the lungs or bronnial tubes—then it may be too late.

If would be the trouble now—stop before it gets into the lungs or bronnial tubes—then it may be too late.

If would be the trouble now—stop before it gets into the lungs or bronnial tubes—then it may be too late.

If would be the trouble now—stop a few days in Toronto.

Training College and Arrangements With Ocean Steamship Companies Are Put Forward.

On motion of Miss Constance Rudyard Boulton, honorary organizing secretary, of the Imperial Order of the Daughters of the Empire, and on motion of R. S. Neville, K.C., vice-president, on behalf of the United Empire Loyalists' Association of Ontario, seconded by Eugene Maclaurin, the following resolution has been unanimously adopted by both of the abovenamed associations:

"The United Empire Loyalists' Association of Ontario and the Imperial Order Daughters of the Empire, united to unanimously express their hearty appreciation and approval of the naval defence resolution passed by the Parliament of Canada on the 29th day of March last.

"These associations respectfully urge upon the government that the Canadian naval service to be organized pursuant to such resolution shall be on a sufficiently liberal and comprehensive scale to provide adequate protection to our coasts and commerce, and also a substantial contribution to the defensive power of the empire.

"These associations also are of opinion

tribution to the defensive power of the empire.

"These associations also are of opinion that for the purpose of making the service as efficient as possible a Canadian naval college should be established, which would add to the practical work of training stations, the teaching of naval science and supply for the naval service similar aid to that which is now supplied by the Military College for the military services of the country. They also believe that an arrangement should be made with our leading ocean steamship companies to provide ships cable of being quickly converted into armed cruisers and transports in case of war, and that for this purpose such companies should, under proper con-
