CAMERON SAYS HOUSES NEEDED IN WAR TIME

Controllers Refuse Request to Tear Down Buildings on St. Patrick Street.

As there is a demand for houses at the present time Controller Cameron strongly opposed the request of the assessment commissioner at the board of control yesterday for authority to tear down 11 houses on St. Patrick street to make way for the grading of the new gallery of the Art Museum. "Not in war time," he said. The board appointed him to make a personal inspection of the situation.

Lieut. James Cane asked the board for a grant of \$500 to purchase band instruments for the No. 2 Special Service Company, but as the controllers have taken a stand against any further military grants the request was refused.

Quick action was taken on the request of a deputation to have the work on a stable at the rear of 417 Grange avenue stopped. City Architect Pearson was instructed to have the operations stopped and in the event of a refusal the city will take strong steps as it was held that the permit was improperly obtained.

The board failed to reach a decision on the recommendation of Finance Commissioner Bradshaw that special consideration be given to certain salary requests. "There are cases that will have to be considered in the best interests of the city," said Controller O'Neill.

A request for a grant of \$25,000 to the Y.M.C.A. for war work was laid over until today. J. W. Woods and H. G. Wood told the board that an effort was being made to raise \$200,000 in Toronto.

Dr. Hastings was asked to make a report on what grounds he destroyed a large quantity of food seized at city abattoirs in the last month.

PROVINCE ISSUES WRIT.

Electrical Development Company. Sued for \$223,665.

The attorney-general of Ontario, on behalf of the King and commissioners of the Queen Victoria Niagara Falls Park, issued yesterday at Osgoode Hall a writ for \$223,665.42 against the Electrical Development Company of Ontario.

PORT ARTHUR M.L.A. HOME.

Lieut.-Col. Donald McDonald, Hon. M.L.A. for Port Arthur, chief of the Canadian transport system in England, has returned to his home town on leave after two years' service. He enlisted as a lieutenant and prepared to go as a private if necessary. He went overseas with the 27th Battalion in 1915. He has spent about 14 months in France.

Drinking Tea Upset Nerves

Mr. Burroughs Compares Canadian Customs With Those in Old Land, and Tells How Nerves Were Set Right.

Orillia, Ont., May 9.—"How so be well and strong?" is the question many are asking at this time of year, and in this letter you will find the answer. It tells something of the blood-forming, nerve-invigorating influence of Dr. Chase's Nerve Food, the great restorative which is causing so much talk here just now.

Nature's way of curing disease is by building up the vitality of the body, and this is exactly what Dr. Chase's Nerve Food does. The blood is made rich and red, and it nourishes the exhausted nerves back to health and vigor.

EIGHTEEN TRACTORS.

The government has now purchased 18 farm tractors. "Many more will be needed next fall," said C. F. Bailey, deputy minister of agriculture, yesterday.

TRIAL OF RAILWAYMEN STARTED IN SESSIONS

First Evidence Heard Regarding Lt.-Col. W. C. Macdonald's Death at Union Station.

Capt. William McPherson, son of Hon. W. B. McPherson, provincial secretary, and Sub-Lieut. Shaw submitted the first testimony for the crown yesterday afternoon when the case of Engineer John Ross and Patrick Hickey, charged with criminal negligence, in the matter of the death of Lt.-Col. William C. Macdonald, was opened before Judge Coatsworth in general sessions.

Crown Attorney Greer in reviewing the case to the jury declared that "we are approaching the case in as fair a mind as a man can do." Attorney T. C. Robbette is appearing for the engineer, and W. K. Murphy is acting for Hickey, who had charge of the seat cabin in the yards from which the switch was thrown for the backing engine. Attempts by counsel for the defendants to establish the source of the "lip" responsible for the congestion at the station to witness the departure of the troop train were futile. The case will be continued today.

NATIONAL CLUB

Officers and Directors Elected by Association of Franchising Year.

At the annual general meeting of the members of the National Club held yesterday, the following were elected by acclamation: president, R. S. Gourlay; first vice-president, E. Casey Wood; second vice-president, J. G. Kenyon; directors, W. H. Green, W. P. Gurney, Jas. Hardy, A. M. Ivey, Geo. T. Irving, W. A. Littlejohn, T. G. McConkey, W. K. McHugh, C. Stanley Pettit, F. A. Rolph, George E. Scroggie, John Turnbull.

PARTIES TO GET VOTES OF WOMEN

Mrs. Carrie C. Catt Says Women Are Bound to Be Partisan.

"All that women want now will come along on greased skids," was the encouraging remark of Mrs. Carrie Chapman Catt, president of the International Suffrage Association, to the members and friends of the Ontario Equal Franchise Association at a luncheon given in her honor yesterday at the St. Charles. Mrs. Catt, with Mrs. A. B. Ormsby presiding, opened her address by expressing pleasure at meeting the women of Canada, this being the first touch of internationalism she had experienced since the war began.

In Wyoming, said Mrs. Catt, which was the first state to give women the franchise, women had not done much, though they have had the vote longer than any other part of the world. Colorado had come later and the training acquired in securing the vote had been of such service that the state has now the best code of laws for women and children to be found in the world over. "The women of Wyoming had never offered or asked for much, the women of Colorado had asked for a good deal."

"You cannot keep women from being partisan," the audience was told. When women first got the vote they were tremendously popular. Every political party wants a share in what their vote may bring. It is curious how much you can get before you have voted, Mrs. Catt declared. She quoted many instances in Norway, Australia and the United States, where the women had tried for years to get certain reforms without success, but when they had secured the vote, they were amazed to find that the government had even forestalled their wishes and had the necessary motion to give them the things required before they had been requested.

Should Get Needs Supplied First. "Like a maelstrom, political parties are sure to sweep you into them sooner or later. You can't keep out of them," said Mrs. Catt. In spite of this prophecy the speaker recommended that women keep a non-partisan stand to get the things needed. Careful scientific thought and investigation into the wants of women and children were the things upon which the voters should centre. "Be sure of this, it is wrong before you try to put it right." A parting bit of advice was to get all possible now when the exercise of the vote is still fresh in the hands of the women of Ontario.

Mrs. Falconer, the new speaker, acknowledged that personally she was not sure that the time for suffrage was ripe even now. She was afraid women had been misled by partyism before they had done anything worth while. Miss Laura Hughes advocated shorter hours of labor for women. She submitted that clubs should interest their members in procuring this, and also in seeing that children were looked after. Mrs. A. Hamilton, who returned from a tour in the United States, expressed her admiration for the work the women are doing in that country. She explained that prohibition and woman suffrage had been taken out of party politics, and women were grateful to both sides of the government that this had been the case. Mrs. McDonald, president of the Provincial Liberal Association, also spoke.

HAS STRONG VIEWS.

Justice Kelly Will Write Verdict in Action for Custody of Child.

That he had strong views and desired to write his judgment was the statement of Justice Kelly in reserving his verdict at the close of arguments by counsel in the case of Mrs. Susan Cronk against her husband, Harold Cronk, for the custody of their two-year-old son Kenneth, in the non-jury assize court yesterday.

SOLDIERS' FARMS.

In about two weeks Deputy Minister Bailey, Farm Director S. Todd and W. W. Whitson of the crown lands department will travel along the T. and N.O. to select sites for soldiers' farms. Mr. Bailey will go with the engineers of the commission this week, and to see about utilizing Driftwood River power to supply Month provincial farm.

ARE YOU GOING WEST THIS SPRING?

If so, bear in mind that the Canadian Pacific offers especially good train service, with the finest possible equipment, including standard and tourist sleeping cars and dining cars to Winnipeg and Vancouver by one of the most picturesque routes in the world. If a trip is contemplated, apply to any C.P.R. agent for full particulars, or write W. B. Howard, district passenger agent, Toronto, Ont.

COMMITTED FOR TRIAL.

James B. Dunn, horse trainer, was committed for trial when he appeared in police court yesterday morning charged with forgery and theft. Dunn trained the horse "Empocacy," for Mrs. T. Trovato, and it is charged by her that he kept \$1,200, the winnings of a race purse. The forgery charge is based on the signature of Dunn to a \$200 cheque made out by the Ontario Jockey Club and payable to Mrs. Trovato.

RETURNED SOLDIER MISSING.

James Smith, aged 19, of 42 Darling avenue, a returned soldier, has been missing from his home for several weeks, and his mother has asked the police to try and locate him. Smith told his mother, before leaving home that he was going to give a tour of duty, but when questioned he would not say anything further. His father is overseas and his mother is very anxious to locate the boy. He is tall, with dark brown hair and blue eyes.

CAN-ADIAN Chalmers

Wins in TRAFFIC test

ONE more proof that the Chalmers is the sound, speedy car for every-day driving.

On March 26th a remarkable run was made in Chicago. 24 hours' driving through the crowded streets. A stock Chalmers was used. First and second gears were taken out and the trip made on high gear. There were four passengers. One of them, an official of the American Automobile Association, made the report. The driver was an amateur. The engine never stopped.

In the 24-hour run 586.8 miles were rolled-up. This beats every previous traffic test by 228 miles! Average speed 24.45 miles per hour. 14 miles to the gallon of gasoline.

This is performance—wonderful performance. It is exactly the test a car gets under ordinary driving. Stopping. Getting away. Slowing down. Jumping into speed. You want a car that can do this. You want the reserve power, the smoothness, the flexibility of the Chalmers motor.

There is a great surprise awaiting you when you drive the Chalmers and put it to the test.

Drop in for a demonstration.

FOUR MEN SENTENCED BY JUDGE COATSWORTH

Fines and sentences were imposed by Judge Coatsworth yesterday when prisoners were arraigned before him in county court on various charges. Frank O'Connor, who pleaded guilty to a charge of assaulting Clifford Mar-

shall, a 12-year-old boy, was fined \$50. Marshall and O'Connor's son had a dispute over a game of marbles and O'Connor intervened in behalf of his son.

Thomas B. Lewis was sentenced to a month in jail after being found guilty of obtaining \$25.50 by fraud from fellow-employees of the Toronto Street Railway Co.

Concurrent sentences of six months on the jail farm were imposed on Sidney Kingston, alias Osborne, who pleaded guilty to a bigamy charge two weeks ago and who was found guilty of theft yesterday. He was alleged to have stolen \$255 in cash and goods valued at \$218 from the Clements Manufacturing Co.

Harry Laman, convicted last week on a charge of gross indecency, was sentenced to six months in jail.

DUNLOP

TRACTION TREAD

MOTORCYCLE TIRES

THE ONLY REAL ANTI-SKID

Dunlop Traction Tread is a name to conjure with in Tiredom.

In less than three years this tire dominated the field. To-day it outsells every other make of Auto or Bicycle Tire.

For the motorcycle owner the advantages are the same as those which motorists and bicyclists find in using Dunlop Traction Tread; and this year the D.T.T. Motorcycle Tire is simply a small automobile tire.

When the weight of motorcycles increased—and the side-car came—we saw that an ordinarily constructed motorcycle tire would never do. We set to work; the result is our present product—a tire that is absolutely matchless no matter what the comparison is.

Specify this tire and accept no other.
