Must Retain Supremacy in Industry or Bow Head to Germany.

IMPERIAL HONORS

Kaiser's Policy of Honoring Scientists an Example to Government.

The Linder States Convention of The St. in Convention and a few with the state of t along for all that they were worth, by means of imperial honors. This attitude naturally attracted more young college men, and literally they were all welcomed with open arms. Even the foreign student was invited to study in Berlin, as the idea was that unless a man had taken a course there he had not faished. Naturally are he had not finished. Naturally, as a result of all this pushing, chemistry reached a very high pinacle in Germany, even if it were by means of an

really was and is. We have reached the time now when there is no other way of getting around the issue, which is that we must work along slowly Is that we must work along slowly and patiently until we can rest assured that the chemical supremacy of the world rests in the hands of the Anglo-Saxon race. The German of today has not proved himself to be one iotal different to the German of five years ago, and until he does show that he has changed his attitude we must years ago, and until he does show that he has changed his attitude, we must be always prepared to combat him with the only weapon that he really respects, namely, superior force, and on that superior force must be embodied chemical supremacy of the world. The way that we can accomplish this end is to get the public interested by means of chemical propaganda, not means of chemical propaganda, not that of the yellow journalistic kind, but rather clean-cut editorials and magazine articles. We are sure to meet with opposition in all of our attempts, as was evidenced recently in the States, when we traced one of our strongest oppositions down to find that it was being financed by Ger-man-American money and bonds.

The third annual convention of drive home the fact that preparedness is necessary in this essential pro-fession, so that when the time does

Stanley Monkhouse, 245 Bartlett avenue, who was injured in an accident at the Northern Electric building, Simcoe street Wednesday afternoon, died yesterday morning in Grace Hospital.

Solving the House Problem

How to get a home at a moderate cost is a problem that is vexing many people just now. The solution lies in the fine lots which we are offering up Yonge St. at one-half the pre-war price-

Yonge Gardens \$5 to \$12 a foot

\$1 a Foot Down, Balance \$10 Monthly

Just note these facts: Good radial service—only 40 minutes from King and Yonge—county taxes, lower living expenses—water supply provided—good stores, churches and schools on Yonge St. right at the Gardens—a lumber yard nearby—no building re-strictions (you can make a modest start and improve your property gradually)—a great chance to have a home of your own amid pleasant, healthy surroundings.

Only a limited number of lots are to be sold at these greatly reduced prices. Don't let this opportunity go by.

Call at our office and get a folder with a plan and all details of Yonge Gardens—or better still, on Saturday afternoon take the Metropolitan to Lansing. Stop 31, North Yonge St., where rep-
