

GREAT SHOWING OF CATTLE GREATER THAN EVER BEFORE

Both in Numbers and Quality
Exhibits Are Ahead of
Previous Years.

This year, which has broken many records, has not spared the cattle department. Both in numbers and quality the exhibits now in the barns surpass those of any previous year. This is the unanimous verdict of the many experts who have made the round of the barns and the judges have had no easy task in settling the order of merit. Judging has been in progress since Monday and very few classes remained undisposed of yesterday afternoon. While all classes are well filled possibly Jersey and short-horn, particularly the latter, are the star sections of 1904. This comparative estimate, however, applies rather to numbers than to quality—the average of quality being very high in all classes.

Some Fine Jerseys.
Jerseys hold the field in Barns 3 and 4, and include exhibits from the chief specialists in this noted English breed. David Duncan of Don shows a small, but very choice herd of fourteen—five males and nine females. All are stylish animals, and in proportion to the number exhibited Mr. Duncan's name appears often in the prize list than that of any other exhibitor. The champion of his entry is his two-year-old heifer, Lady Primrose, of Don, an ideal type of Jersey lily, and the first prize winner in her class. Mr. Duncan also secured the award for the exhibit of four animals, the progeny of one bull, all bred and owned by exhibitor. The well-known firm of B. H. Bull & Son are the largest individual exhibitors in the grounds, having six animals in the stalls out of their total herd of 150. This enterprising firm carries away 19 first prizes and good hands of minor awards, exclusive of three medals—two in the Jersey classes and one in the dairy class—for the best animal for general purposes.

Hereford-Friesian cattle are prominent in Barn No. 1, and are a fine rate let. G. W. Clemons of St. George makes an excellent show, securing four firsts, three seconds and three thirds. Bettie Brothers of Norwich are the star men in this line, capturing two champion sweepstakes, three firsts, five seconds and a third. W. H. Simmons of New Durham carries off one first, four seconds and smaller prizes.

These useful ranchers, the Herefords, are well represented. H. D. Smith of Compton, Quebec, carries three firsts, three seconds and three thirds. The inside herd, secured seven firsts in this department. The F. W. Stone Stock Co. of Guilford carries two champion sweepstakes and two first prizes. Another exhibitor with a good showing is W. H. Hunter of The Maples. Aberdeen Angus are a fine lot, William R. Stewart of Lucanville showing some choice animals and securing two champion sweepstakes. The Galloways shown by D. McCrae of Guilford swept the field, securing two champion sweepstakes, seven first prizes and minor awards. This sufficiently indicates the high quality of his exhibits. Short-horns as already indicated are the feature of the show. Sir William Van Horne carries off three champion sweepstakes with two exceptionally fine entries. Complaints are heard, however, that it is scarcely fair to pit the farmers against millionaires who can afford to pay extravagant prices for their strains, and it is suggested that the show should be put in a class by themselves. I. and W. Russell of Richmond Hill, who have been very successful exhibitors in previous years, are among the leading breeders of Ontario, have not specially prepared any stock this year for competition, and exhibit rather with a view to sales. Many enquiries have been made, and the stock they show are drawn from their best strains that have been frequent prize winners in past years.

AMMUNITION NOT DEFECTIVE.

Ottawa, Sept. 7.—(Globe Special.)—With respect to the alleged complaints from D. R. A. competitors that the ammunition was defective, the militia department does not consider there is any ground for complaint on that score. Owing to the demand for increased velocity the charge in the cartridge has been increased. This results in some cases in an escape of smoke from the shell of the cartridge after the bullet has been fired. The remedy for this would seem to be to strengthen or reinforce the cap and shell at the base of the cartridge. They are anything is done, however, the advice of the imperial authorities will be sought. They had a somewhat similar experience when they increased the charge in their rifle cartridges, but the difficulty was overcome and no trouble is now experienced.

Umbrellas at East's.

East's umbrellas, trunks, bags and traveling requisites are a feature of the manufacturers' building and make one of the finest exhibits ever seen in Toronto. Besides being an exhibit, East's booth is an umbrella emporium. The management has secured a special permit to the company to sell umbrellas in case of necessity.

YOUNG MEN ON FIRE DEPT. WANT PROMOTION BY MERIT

Possibility of Appointment of Assistant Foremen Causing Some Pretty Straight Talk.

It is rumored in fire department circles that a number of men, some of them of rank, are to feel the effects of recent agitation and will be retired as being physically unfit for active service. At the same time it is felt among the younger element that their services are not rightly appreciated. Four men left the department on the first of the month of their own accord, and also there are over three hundred applicants for vacancies on the department, the standard of manhood required is debarring some 75 per cent. of those presenting themselves for medical examination. Not alone to medical examinations, but in anticipation of the demand for the half hundred extra men recommended by the committee.

"There is no hiding the fact that many who have served some dozen or fifteen years, and now consider themselves in their prime as firemen are not satisfied with present conditions. Their grievance is not alone in the matter of pay, but in the manner of promotion. The system of promotion by seniority they consider is not only unfair to them personally, but affects the efficiency of the department. They all hope to some day become foremen, and at least there are only 24 such positions to fill, and once filled they are not soon vacated."

"It is proposed now, I see, to make another attempt to have assistant foremen appointed, and this should be done by the department is not sufficiently offered. There are three companies now—the water tower, at Bay Street and the chemical engine at York-street station, which have no foremen. The man in charge has all the work and responsibility without the remuneration, and because he has no real rank finds it far more difficult to have the men, two years ago he was asked to appoint an assistant foreman at a \$50 increase in pay, but it didn't do it."

"If the assistant foremen are appointed there will be an upheaval if the seniority system is insisted upon. Those men generally who are up in the outer stations. Brought down town, they face new conditions and have to do the work that alert stalwart young men will do, men who can afford to take chances if they know that an honorable service will mark them out for promotion rather than merely length of time served."

go after years of the life, but can the city afford to be too sentimental? Of course, it would be better that we could do something for them, but as it is the city should not have the job in its hands and for those who must seek to provide them with other work in the civic service that they can perform."

WOMAN DRANK HELLEBORE.

Crazed by Husband's Cruelty, Mrs. Haley Attempts Suicide.

Chatham, Sept. 7.—(Special.)—Crazed by her husband's cruelty and neglect, her little children and herself on the verge of starvation for the want of proper food, Fannie Haley, who lives in the Township of Raleigh, while in a fit of despondency, attempted suicide yesterday by taking a teaspoonful of hellebore. Prompt medical attention was the means of saving the unfortunate woman's life before the deadly drug had gone to its work. The woman's story is a pitiful one. Her husband, a worthless character, who was recently sentenced to do time in the poor house, had cruelly neglected the poor woman and her children, and it was supposed that this was the cause of her mad act. The children are in the hands of the humane society, and the woman is being attended to by physicians.

IT'S MORGAN'S.

I came to a mill by the river side, A half a mile long and nearly as wide, With a forest of stacks and an army of men Toiling at furnace and shovel and pen. "What a most magnificent plant!" I cried, And a man with a smudge on his face replied, "It's Morgan's."

I entered a train and rode all day On a regular coach, and right of way. "A splendid property, this," I cried, And a man with a plate on his hat replied, "It's Morgan's."

I sailed on a great ship, trim and true From penon to keel, and cabin to crew; And the ship was one of a monster fleet.

A first-class navy could scarce compare With what a beautiful craft she is," I cried, And a man with a keel on his head replied, "It's Morgan's."

I dwell in a nation filled with pride, Her people were many, her lands were wide. Her record in war, in science and art, Proved greatness of muscle and mind and heart.

"What a grand old country it is," I cried, And a man with his chest in the air replied, "It's Morgan's."

In reporting the death of Benjamin Cranklin, it was stated that the deceased was brother of Alfred Cranklin of Tapscott-avenue. The two men are in no way related.

TO PETITION GOVERNMENT TO OPERATE PHONE LINES

One of Many Progressive Resolves of the Ontario Municipal Association.

The plan of municipal insurance proposed by Mayor Ellis of Ottawa to the Ontario Municipal Association was endorsed yesterday at the conclusion of the annual convention of the Ontario Municipal Association. Mayor Urdunah said that one-third the premiums paid insurance companies went to pay expenses and profits.

The committee on resolutions reported recommending that in cities and towns where insurance companies be required to file annually, on the first day of June, with the clerk of the municipality, a sworn statement showing their gross receipts and losses in such municipalities for the preceding year, to enable the rates to be equitably fixed. That the council of municipalities be given power to regulate the salaries of police magistrates, unless the body that appoints the magistrates pay the salaries; that in towns and cities council may add two ratepayers to the board of police commissioners; that the municipal committee of the legislature in 1907, that the mayors of Ottawa, Windsor, Toronto, St. Catharines and Niagara be appointed to examine into the question of the municipal debt and report at the next annual meeting; that the association present a memorial to the lieutenant-governor in council in accordance therewith; that the legislature approve of the appointment of an advisory committee of municipal officials to confer with the municipal committee of the legislature in 1907, that the mayors of Ottawa, Windsor, Toronto, St. Catharines and Niagara be appointed to examine into the question of the municipal debt and report at the next annual meeting; that the association present a memorial to the lieutenant-governor in council in accordance therewith; that the legislature approve of the appointment of an advisory committee of municipal officials to confer with the municipal committee of the legislature in 1907, that the mayors of Ottawa, Windsor, Toronto, St. Catharines and Niagara be appointed to examine into the question of the municipal debt and report at the next annual meeting.
